O. Executive Sessions - (District Attorney) - Requested by Nicholas Williams

1. Pursuant to 25 O.S. § 307(B)(4), I am requesting this matter be discussed in Executive Session between the Board and its attorney, Jay McAtee, for the purpose of confidential communications concerning a pending claim, to-wit: Marko Bigit-Alvarenga, Workers' Compensation Court No. CM-18-04686K, disclosure of the details of which its attorney advises would seriously impair the ability of the Board to proceed in the public interest
2. Pursuant to 25 O.S. § 307(B)(4), I am requesting this matter be discussed in Executive Session between the Board and its attorney, Jay McAtee, for the purpose of confidential communications concerning a pending claim, to-wit: Marko Bigit-Alvarenga, Workers' Compensation Court No. CM-18-04687Q, disclosure of the details of which its attorney advises would seriously impair the ability of the Board to proceed in the public interest
3. Pursuant to 25 O.S. § 307(B)(4), I am requesting this matter be discussed in Executive Session between the Board and its attorney, Jay McAtee, for the purpose of confidential communications concerning a pending claim, to-wit: Marko Bigit-Alvarenga, Workers' Compensation Court No. CM-19-01840X, disclosure of the details of which its attorney advises would seriously impair the ability of the Board to proceed in the public interest

P. Discussion and Possible Action Regarding Executive Session Items

VI. NEW BUSINESS

In accordance with the Open Meeting Act, Title 25 O.S. § 311.A.10, new business is defined as any matter not known about or which could not have been reasonably foreseen prior to the time of posting the agenda.

VII. ADJOURN

(The amended agenda of the meeting was posted in the central and outside lobby of the Ray Jordan Tulsa County Administration Building, 500 South Denver Avenue, Tulsa, Oklahoma at 9:32 a.m. on June 12, 2019.)

**Management Conference Minutes
Thursday, June 13, 2019**

The Board of County Commissioners of Tulsa County met in Room 315 of the Ray Jordan Tulsa County Administration Building, Tulsa, Oklahoma at 9:30 a.m. with the following members present: Members Stan Saltee, and Ron Peters.

Call to Order

Chairman Pro-Tem Peters called the meeting to order at 9:30 a.m.

River Parks Authority Quarterly Report – Matt Meyer / Tonja Carrigg

Matt Meyer provided an update on the River Parks system, presenting a slide show of damage to the trail systems, tree damage, lighting damage, and erosion due to the flooding. He and Tonja Carrigg provided an update on Turkey Mountain's master plan and discussion of the upcoming events through River Parks Authority.

Electric Vehicle Charging Station on County Property – Commissioner Peters

Lynn Jacobsen and Eric Austin, Francis Solar, provided an update of their available services, the locations identified throughout Tulsa County which could possibly be locations for electric vehicle charging stations, and updated the Commissioners on the counties they are currently working with to provide charging stations. Questions were answered concerning the services and contract. Richard Bales will meet with the company's representatives gathering more information.

Interlocal Cooperative Jail Financing Agreement By and Between the BOCC of Tulsa County and the Tulsa County Criminal Justice Authority – Diane Hamilton

Diane Hamilton, Budget Office, provided a summary of the terms of the agreement of Section 9.3 of the Interlocal Cooperative Jail Financing Agreement, CJA Revenue in Excess of Estimated Revenue and a report detailing the sales tax report. Hamilton explained an excess of revenue in the amount of \$986,379 for fiscal year 18/19 currently exists. Discussion ensued concerning potential disposition of the excess amount and the correct way to decide how to handle the disposition of the funds. This topic will be included as an agenda item to a regularly scheduled Budget Board agenda.

BOCC Appointees-County Commissioners

Peters noted the appointments have been handled and no action is needed.

Adjourn

Motion made by Saltee, seconded by Peters to adjourn. Motion carried.

Ayes: Stan Saltee and Ron Peters

Nays: None

Abstain: None

Meeting adjourned at 10:49 a.m.

(Agenda of meeting was posted in the central and outside lobby of the Ray Jordan Tulsa County Administration Building on June 27, 2019 at 3:40 p.m.)

Upon roll call, Sallee, yes; Peters, yes; Keith, yes. Motion carried.

Moved by Peters, seconded by Sallee, to approve and authorize execution by the Chairman, the agreement renewal from Social Services with CC Health Department - MCH Outreach, for renewal of CMF #247496 for FY 2019-2020. Upon roll call, Sallee, yes; Peters, yes; Keith, yes. Motion carried. (Clerk's Misc. File No. 248373)

Moved by Sallee, seconded by Peters, to approve the Request to Advertise for Bids for TC Departments for Compressed Gases and Medical Gases. Bids to be received by 4:00 p.m. on 7/19/19 & to open 7/22/19 at 9:30 a.m. Upon roll call, Sallee, yes; Peters, yes; Keith, yes. Motion carried. (Clerk's Misc. File No. 248374)

Moved by Peters, seconded by Sallee, to approve and authorize execution by the Chairman, the following inventory resolutions, details available in the office of the County Clerk:

1. Juvenile Bureau - junked (Clerk's Misc. File No. 248375)
2. Sheriff - Retired to Daniel Ruskoski (Clerk's Misc. File No. 248376)

Upon roll call, Sallee, yes; Peters, yes; Keith, yes. Motion carried.

Moved by Sallee, seconded by Peters, to approve and authorize execution by the Chairman, the following sole sources:

1. CC Health - Oticon, Inc. - for all Oticon-labeled hearing aids and service on Oticon labeled equipment (Clerk's Misc. File No. 248377)
2. Highways - P&K Equipment - for Tiger Mower parts and service (Clerk's Misc. File No. 248378)

Upon roll call, Sallee, yes; Peters, yes; Keith, yes. Motion carried.

Moved by Peters, seconded by Sallee, to approve and authorize execution by the Chairman, the following utility permits from Engineers:

1. Oklahoma Natural Gas Company, a division of ONEOK, Inc. - to cross & parallel E. 96th St. N. +/- 5.01 miles S. & .83 miles E. of the US Hwy 75 & ST Hwy 20 junction and further described as 1,390' W. of the SE/NE Corner of Section 15/22, Township 21N, Range 13E by boring for 6" natural gas pipeline (Clerk's Misc. File No. 248379)
2. Oklahoma Natural Gas Company, a division of ONEOK, Inc. - to parallel W. 10th St. +/- .21 miles W. of North Ridge Drive and further described as 2,012' W. of the SE/C of Section 3, Township 19N, Range 11E by boring for 2" natural gas pipeline (Clerk's Misc. File No. 248380)
3. Oklahoma Natural Gas Company, a Division of ONEOK, Inc. - to cross and parallel W. 33rd St., S. 63rd W. Ave., S. 65th Ave. & W. 34th St. +/- 1.79 miles S. & 1.46 miles E. of the Gilcrease Expressway and US Hwy 44 junction and further described as 1,307' S. of the NW/C of Section 20, Township 19N, Range 12E by boring for 2", 4", & ¾" natural gas pipelines (Clerk's Misc. File No. 248381)
4. Washington County RWD #3 - to cross E. 86th St. N. +/- 3/8 mile E. of the 86th St. N. & Harvard Ave. junction and further described as 1,980' E. of the SW/C of Section 21, Township 21N, Range 13E by boring for 1" line with 1 ¼" casing (Clerk's Misc. File No. 248382)

Upon roll call, Sallee, yes; Peters, yes; Keith, yes. Motion carried.

Moved by Sallee, seconded by Peters, to approve the following travel/training requests from OSU Extension:

1. Michelle Bonicelli for unplanned travel from July 2019 - June 2020; cost of \$300 (Clerk's Misc. File No. 248383)
2. Brian Jervis:
 - a. to AG Agents Meeting from 7/9-11/19 in Lawton, OK; cost of \$400 (Clerk's Misc. File No. 248384)
 - b. for unplanned travel from July 2019 - June 2020; cost of \$300 (Clerk's Misc. File No. 248385)
3. Tracy McKaughan:
 - a. for unplanned travel from July 2019 - June 2020; cost of \$300 (Clerk's Misc. File No. 248386)

- b. to food preservation training on 7/9/19 in Pawhuska, OK; cost of \$60 (Clerk's Misc. File No. 248387)
- c. to 4-H Honor Night on 7/25/19 in Stillwater, OK; cost of \$80 (Clerk's Misc. File No. 248388)
- d. to RSU-TV Board Meeting on 7/26/19 in Claremore, OK; cost of \$25 (Clerk's Misc. File No. 248389)
- 4. Lisa Nicholson for unplanned travel from July 2019 - June 2020; cost of \$300 (Clerk's Misc. File No. 248390)

Upon roll call, Sallee, yes; Peters, yes; Keith, yes. Motion carried.

Moved by Peters, seconded by Sallee, to approve the following Personnel Actions:

Administrative Services

Peak, Jeffrey - Grade Change - \$4,808.28 - 6/1/19

Personnel Actions:

Just, Lori - Correction to Action Dated 6/21/19, Change beginning and ending salary (5% incr.) - \$4,219.48 - 6/24/19
(Clerk's Misc. File No. 248402)

Travel Training:

1. Clara Acosta-Willis to Behavioral Health Meeting from 7/7-9/19 in Moore, OK; cost of \$479.60
2. Alicia Etgen to NACCHO Annual Conference from 7/8-11/19 in Orlando, FL; cost of \$2,155.49
3. Sierra Carter and Elizabeth Martin to Cardea Foundations Training from 7/8-11/19 in OKC, OK; cost of \$1,051.70
4. Uzoma Anyanwu, Darren Henin, and Stephan (Tyler) Steele to FSPCA Preventive Controls for Human Food – Blended Course on 7/25/19 in Stillwater, OK; cost of \$1,194
5. Tanya Harris to FDA SW Food Safety Conference from 8/18-21/19 in Salt Lake City, UT; cost of \$1,483
6. Reggie Ivey & Chanteau Orr to APHA 2019 Annual Conference from 11/1-7/19 in Philadelphia, PA; cost of \$6,990
7. Miriam Burkhart to course; Healthcare Ethics, OSU, Summer 2019, cost of \$2,500
(Clerk's Misc. File No. 248403)

Upon roll call, Sallee, yes; Peters, yes; Keith, yes. Motion carried.

There were no claims to be disallowed.

Moved by Sallee, seconded by Peters, to approve and authorize execution by the Commission, the claims, (payments for bills to be paid 6/17-21/19) that are in order as required by Title 19 O.S. §1505 D 11 providing all claims involving wages and/or salaries be subject to state and federal withholding tax, retirement fund and social security deductions.

Upon roll call, Sallee, yes; Peters, yes; Keith, yes. Motion carried.

There were no Blanket Purchase Orders or Emergency Purchase Orders.

There was no new business.

Executive Session from District Attorney, requested by Nolan Fields, pursuant to Title 25 O.S. § 307(B)(4) for the purpose of confidential communications between the BOCC and its attorney concerning possible official action regarding a pending suit, to-wit: Case No. 19-cv-00318-JED-JFJ, *Lee v. Turn Key Health Clinics, LLC, et al.*, pending in the North District of Oklahoma, disclosure of the details of which its attorney advises would seriously impair the ability of the Board to proceed in the public interest.

Moved by Peters, seconded by Sallee, to go into Executive Session. Upon roll call, Sallee, yes; Peters, yes; Keith, yes. Motion carried.

Executive Session commenced at 9:51 a.m.

Moved by Peters, seconded by Sallee, to reconvene the regular meeting at 9:54 a.m.

Upon roll call, Sallee, yes; Peters, yes; Keith, yes. Motion carried.

Moved by Peters, seconded by Sallee, to authorize the District Attorney's office to send letter to Turn Key Health Clinics, LLC to represent County in *Lee v. Turn Key Health Clinics, LLC, et al.* Upon roll call, Sallee, yes; Peters, yes; Keith, yes. Motion carried. (Clerk's Misc. File No. 248404)

Moved by Peters, seconded by Sallee, that this meeting be adjourned. Upon roll call, Sallee, yes; Peters, yes; Keith, yes. Motion carried.

BOARD OF COUNTY COMMISSIONERS

Karen Keith, Chairman

ATTEST:

Michael Willis, County Clerk

TULSA COUNTY

PURCHASING
DEPARTMENT

MEMO

DATE: July 2, 2019

FROM: Matney M. Ellis
Purchasing Director

TO: Board of County Commissioners

SUBJECT: Bid Award Recommendation – “HQ” Centrifugal Chiller Upgrade

It is the recommendation of the Tulsa County Purchasing Department, Allied Engineering Group, and Program Management Group to award the bid for the “HQ” Centrifugal Chiller Upgrade to the following vendor:

Trane U.S. Inc. in the total amount of \$263,618.00
which includes the Base Bid and Alternates 1, 2, 3, and 4

Alternate 4 is being awarded for a quantity of two (2). Any awarded repairs deemed unnecessary after testing and evaluation of the equipment will be removed via deductive change order. This was the lowest and best bid received. This recommendation is respectfully submitted for your approval.

Memo

Date: 07/01/2019

To: Megan Blackford **C.C.:** Jaylee Klempa
From: Gayle D. Gwinup, P.E.
Subject: Tulsa County HQ Chiller Bid Review

Initial observation of the bids is that there was no cost reduction for the inclusion of the second chiller in the scope of work. The proposed bid for each item under base bid and alternates are identical. Therefore there is no monetary incentive for doing repair work for both chillers.

The decision to repair both chillers at this time would be based more on the security of having both chillers brought to a known base line operating condition prior to occupying the building. In addition, the identification of possible future repairs from the evaluation of the unit during overhaul will provide information for future budgeting and projection of capital expenditure for future replacement of the existing chillers. If the second chiller operating condition is not evaluated and addressed now, there is the potential of an unforeseen failure anytime.

Overhaul of each chiller will also have the benefit of a 5 year warranty period for the chiller overhauled. The chiller warranty in both bids was contingent upon contracting a 5 year service agreement with the bidder. The extended warranties listed in Alternate 5 and 6 were bid only by Trane, which noted acceptance of the extended warranty would require extension of the service PM service agreement with Trane. Note factory restoration of the chiller compressor/motor would be covered under a factory warranty.

The existing chiller refrigerant type, R11, has been discontinued for a significant period and its replacement refrigerant, R123, is being eliminated from use in new equipment as of 2020 with stopping of production as of 2030. New refrigerants have been and will be developed along with redesign of chillers compatible with the new refrigerants. Since the chiller industry is entering into a significant period of change, it is my opinion it is prudent to extend the life of the existing equipment long enough for the industry to finish development and proof of performance of the new chillers coming in the near future before replacing the existing chillers. The 5 year warranty takes the existing chillers through the initial new product development period. The cost of the extended warranties may be better applied to the capital expenditure of new equipment purchase.

Until the overhaul of the chiller is started, it cannot be determined how many if any of the Alternate 4 additional repairs will be required. The possible total added cost of multiple repairs could be significant and warrant re-evaluation of maintaining the chiller in service. It would be advisable to discuss this possibility with the successful bidder and determine the options available to potentially cancel the work and secure purchase of a new unit. The depth of work necessary to come to this level of evaluation would need to be determined and an agreement for termination established.

MEMORANDUM

DATE: July 1, 2019

TO: Board of County Commissioners

FROM: Tom Rains, County Engineer

SUBJECT: Bid Award Recommendation for Sale of Real Property

This office has reviewed the bids received for the sale of County-owned property located at 6010 N. Rockford Ave. in Tulsa. The minimum acceptable bid for this property is \$1,600, reflecting 80% of the appraised value, as required by law. The highest and only bid was \$1,650.00. Therefore, we recommend awarding the bid to Richard Farris.

Submitted to Michael Willis, County Clerk, for the July 8, 2019 BOCC meeting.

MEMO

DATE: July 2, 2019

FROM: Matney M. Ellis
Purchasing Director

TO: Board of County Commissioners

SUBJECT: Recommendation – Vehicle Lubricants and Antifreeze

It is the recommendation of the Tulsa County Purchasing Department and all Tulsa County Departments to award the bid for Vehicle Lubricants and Antifreeze to the following vendor:

Quality Petroleum Inc. and Timmons Oil Company Inc.

These were the lowest and best bids received.

This bid is good for a one (1) year period beginning July 19, 2019 through January 18, 2020.

This recommendation is respectfully submitted for your approval.

TULSA COUNTY

PURCHASING
DEPARTMENT

MEMO

DATE: July 2, 2019

FROM: Megan L. Blackford
Assistant Purchasing Director

TO: Board of County Commissioners

SUBJECT: Amendment #2 – Fencing Materials and Installation

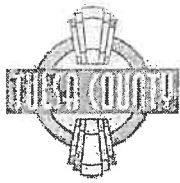

On the 7th day of August, 2017, the bid for Fencing Materials and Installation was awarded by the Board of County Commissioners, CMF# 242231.

This bid was awarded to Aaron Fence Company. This amendment is to renew the Fencing Materials and Installation bid for one year effective August 12, 2019 through August 11, 2020. Aaron Fence Company has agreed to renew their agreement with no changes to terms.

This recommendation is respectfully submitted for your approval.

MLB / arh

ORIGINAL: Michael Willis, County Clerk, for the July 8, 2019 agenda.

CONTRACT / AGREEMENT RENEWAL

Department: Tulsa County Departments

Vendor: Aaron Fence Company

Describe product / service provided by this contract:

Fencing Materials and Installation

Original CMF # 242231

Dated: 08/07/2017

Current CMF # 245562

Dated: 08/06/2018

The Board of County Commissioners, on behalf of the department above, by this renewal adopts and ratifies all the provisions and terms in the original or most recent renewal of the contract/agreement, without amendments or addendums, as if the terms and provisions were set out in full herein.

The terms of this contract/agreement shall be in full force and effect for the period August 12, 2019 through August 11, 2020 and shall be effective upon full execution of this contract/agreement renewal.

Vendor: Aaron Fence Co.
Michael D. Oakley
Printed Name: Michael D. Oakley

Date: 7/1/19

Approved by the Board of County Commissioners this _____ day of _____, 20____.

ATTEST:

Michael Willis
Tulsa County Clerk

Chairman, Board of County Commissioners
Tulsa County

NOTE: Original to County Clerk for placement on Board of County Commissioners' Meeting Agenda.

Date

PROGRAM NARRATIVE

NOTE: The grant application will be reviewed based on the narrative provided in this application. Use additional pages if necessary to describe the need for state funds.

1. Please list the Violent Crime Rate (per 1,000 people) for your jurisdiction from the following years:

2014	2015	2016	2017	2018
27.58	30.83	37.46	38.22	39.11

2. Explain any fluctuation(s) in the Violent Crime Rates listed above.

Between 2015 and 2017 the rate of violent crimes in Tulsa County did not fluctuated dramatically. But in 2018, there was a spike in the number of murders, rapes, and assaults. (3 more murders, 20 more rapes, and 80 more assaults.) Part of the reason for this can be the increase in the population in the unincorporated areas of Tulsa County which the Sheriff's Office is the primary law enforcement. In the past years that number has increased from 32,000 to nearly 40,000. There has also been an increase in the Hispanic population and arrests. Gang activity is still present in Tulsa County.

3. Specify the number of occurrences recorded by your agency for the crimes listed in the table below.

Crime	2014	2015	2016	2017	2018
Murder	3	2	2	1	4
Rape	40	53	44	53	73
Robbery	21	14	13	19	21
Assault (felonious)	153	165	199	234	173
Assault (simple)	807	878	801	826	906

4. Explain the demographics, hot spot locations and peak seasons of top crime areas in your community.

Demographics

Tulsa County is the second most populated county in Oklahoma, with a population nearing 700,000. Of that, over 35,000 live in the unincorporated areas of Tulsa County where the Sheriff's Office is the first responders to calls for assistance. The Sheriff's Office is also responsible for patrolling over 700 miles of county roads and assisting, when necessary, law enforcement agencies in any of the ten (10) cities within Tulsa County. The racial makeup of Tulsa County is approximately 69% white, 11% African Americans, 10% Native Americans, and 10% Hispanic.

Hot spot locations

Historically, the two major hot spots identified by the Sheriff's Office analysts are the county's N-16 N-16 (North Tulsa County) and W-9 (West Tulsa County). Both locations are transition zones between urban and rural development and populations. These are also the areas of higher unemployment, lower wage earnings, and greater degrees of poverty. In addition, property conditions, vacant properties, and areas populated by homeless individuals are concentrated in these areas.

Peak seasons

As with most areas, crime peaks in the warmer months, with an increase between May and September. Then a second peak occurs in October. October sees a 30% jump over the yearly average with July seeing a 26% increase.

5. Describe how your agency currently tracks changes in violent crime.

The Tulsa County Sheriff's Office employs full time crime analysts, as well as using crime mapping software. Taking reports prepared by Deputies and utilizing data gathered from the Uniform Crime Reports. The Analysts use integrated crime mapping software with its reporting systems.

6. Please explain how the Safe Oklahoma Grant funds will aid in reducing violent crime.

This grant application is for both the Tulsa County Sheriff's Office and the Tulsa County District Attorney's Office. Expanding the use of investigative technology is a priority for both the District Attorney and Sheriff's Office. As law enforcement tools of technology become more sophisticated and accurate, having these available to stop repeat offenders from committing violent crimes is a top priority. In these times, it is more practical and feasible to acquire technology to do the work during manpower shortages and budget constraints. Reducing violent crime begins with effective investigation and prosecution which would be supported by the technology that this grant application would fund for both the District Attorney and the Sheriff's Office. Please see attached a full description of the proposed projects.

7. Has your department ever received a Safe Oklahoma Grant from the Attorney General's office?

Yes ☒ No ☐

If so, when: 2016, and 2018

Overview of Grant Request

This year the Tulsa County Sheriff's Office and the Tulsa County District Attorney's Office joined together in submitting a grant application to address two critical needs in both law enforcement and the prosecution of violent crimes.

In both cases, the award will increase technological capacity to support criminal investigations of violent crimes. With the rapid development of technology in the field of public safety, the acquisition of these tools will exponentially increase the effectiveness of criminal investigations and prosecutions.

District Attorney's Office

Evidence of just about any crime can be found on a cell phone. For this reason, it is imperative that the District Attorney's Office have the capability of conducting forensic cell phone examinations of suspect's phones. One of the best tools on the market today for conducting forensic cell phone examinations is made by Cellbrite. When properly trained, the investigators working for the District Attorney can use Cellbrite to assist other law enforcement agencies which also could benefit by this technology.

Details about Cellbrite is attached to the application.

Tulsa County Sheriff's Office

In 2017 Congress passed and President Trump signed the Federal Rapid DNA law. This law directs the FBI to work with local law enforcement agencies with the deployment of the Rapid DNA technology in jails as part of the booking screening process. For local agencies to be eligible to partner with the FBI, the state must have legislatively authorized the use of Rapid DNA. The Legislature passed and the Governor signed SB 184 on May 14, 2019 to permit the use of Rapid DNA. Included with the application is a copy of SB 184

More information about Rapid DNA and its proven effectiveness in solving violent crimes is attached.

Tulsa County Sheriff's Proposal

- **Information on Rapid DNA from ANDE**
- **Quotation of costs from ANDE**
- **Senate Bill 184 – Rapid DNA**

Law allows new Rapid DNA use in lieu of OSBI labs

Sheriff Vic Regalado wants policy framework, local partnerships in place before using Rapid DNA

By Corey Jones
Tulsa World

While some other states may be using the relatively new Rapid DNA technology, Oklahoma is touted as the

first to enshrine its use into law.

Gov. Kevin Stitt in May signed Senate Bill 184, which allows law enforcement to use Rapid DNA in lieu of sending samples to the Oklahoma

State Bureau of Investigation for testing. State law already allows for DNA samples to be taken upon a felony arrest.

Rusty Byers, a senior director of the company that owns the technology, said Friday he's receiving several requests each week for copies of Oklahoma's original legislation.

"What has happened in

Oklahoma is going to reverberate in public safety for years," Byers said.

Colorado-based ANDE touts its Rapid DNA technology as mobile, rugged and able to be operated by a nontechnical user to obtain a DNA profile within two hours. Forensic

» See DNA, page A7

DNA: Rapid DNA gives results in hours

» From page A1

laboratories may take weeks or months, the company says.

Byers gave a presentation about ANDE Rapid DNA on Friday in downtown Tulsa to a gathering of Oklahoma criminal justice officials. Among them was Tulsa County Sheriff Vic Regalado, who sees applications for the technology outside of the jail.

But first, Regalado said the Sheriff's Office must develop policies and procedures to govern proper use of Rapid DNA in a legal and ethical manner. He said he envisions its use in cold-case homicides and on backlogged rape kits before investigations in general.

"We want to avoid any type of invasion of privacy where it isn't necessary," Regalado said. "We don't want to put out a blanket and say everybody needs to be tested. ... We certainly don't want to create any new law because of something we screwed up, to put it plain and simple. We want to be No. 1 in implementing this legislation; we don't want to be No. 1 in bringing it down."

The Tulsa County Sheriff's Office's size would equate to a subscription cost of about \$315,000 for access to the technology over a three-year period. Each single-use chip carries a price tag of \$1,000 and holds five samples.

Regalado said he will explore local partnerships and federal grants to develop a program that is sustainable and a benefit to northeastern

Oklahoma.

"As you've seen other states using this, they're solving cases left and right," he said. "And not necessarily all violent ones. Burglaries, possession of firearms and things like that, where there still are victims of these crimes and they're finding closure much more efficiently through the old process."

Rapid DNA is approved for use with the National DNA Index System (NDIS), but not the Combined DNA Index System (CODIS). NDIS is considered one part of CODIS — the national level — containing DNA profiles contributed by federal, state and local forensic labs, according to the FBI.

Ryan Kiesel, executive director of the Oklahoma affiliate of the ACLU, previously questioned the Rapid DNA legislation.

"It represents another move away from the bedrock American principle that you are innocent until proven guilty," Kiesel said. "The state of Oklahoma is increasingly treating people as though they are guilty upon arrest."

President Donald Trump signed into law the Rapid DNA Act of 2017, which directed the FBI to develop standards and procedures for Rapid DNA instruments. ANDE's technology first was used by the U.S. military in 2013.

Rapid DNA for a Safer World

RAPID DNA ACT of 2017

The Rapid DNA Act of 2017 calls for DNA testing of arrestees in booking stations, with the goal of identifying arrestees wanted in connection with rapes, murders, and other crimes while they are still in the custody of law enforcement (instead of being released within hours, without performing DNA identification). By identifying suspects quickly, Rapid DNA testing of arrestees has the potential to identify repeat criminals, dramatically reducing the rate of violent crimes. The Rapid DNA Act of 2017 requires NDIS approval of Rapid DNA Systems to be used in booking stations, and ANDE is the first and only system to receive this approval. ANDE is actively working with the FBI, States, and the vendor community to ensure the upcoming arrestee pilots are a success and validate the integration of Rapid DNA and the AFIS systems in the booking environment. FBI arrestee pilots in Texas, California, Louisiana, Florida and Arizona are scheduled for Q1, 2019. ANDE has contracted with Louisiana & Arizona already and has pending deals with Florida and California in support of the FBI pilots.

FBI NDIS APPROVAL

ANDE accelerates the DNA processing from months or even years to less than two (2) hours. A comprehensive developmental validation study evaluated the ANDE Rapid DNA Identification System's overall process—from inserting cheek swabs to ANDE DNA ID generation. Testing included the instrument, A-Chip consumable, FlexPlex™ chemistry, and automated data interpretation by the on-board Expert System Software. The forensic science community expects this validation process to be undertaken for any new scientific technology introduced into the criminal justice system. More than 2,000 samples were tested by leading forensic laboratories, and the ANDE system successfully produced accurate, reliable, reproducible, and robust results without manual processing. As of January 1, 2017, the FBI implemented new standards expanding the CODIS Core Loci to a total of 20. ANDE's NDIS approval meets and exceeds these new standards.

Forensic laboratories participating in the developmental validation of the ANDE System included:

Florida Department of Law Enforcement - <http://www.fdle.state.fl.us>

Louisiana State Police - <http://www.lsp.org/>

Defense Forensic Science Center - <http://www.cid.army.mil/dfsc-usacil.html>

National Institute for Criminalistics and Criminology, Belgium - <https://nicc.fgov.be/>

National Institute of Standards and Technology (US Commerce Department) - <https://www.nist.gov/>

NDIS approval of the ANDE system is a major milestone in the United States as well as in the many countries that look to the FBI as a global leader in forensic DNA analysis. Rapid DNA policies have been developed by NDIS and SWGDAM (Scientific Working Group on DNA Analysis Methods), and developmental validation studies were designed to ensure that the ANDE Rapid DNA Identification System generates results equivalent to those from an accredited forensic laboratory. ANDE is the only solution to meet and exceed these requirements.

THE POWER OF LOCAL DATABASES

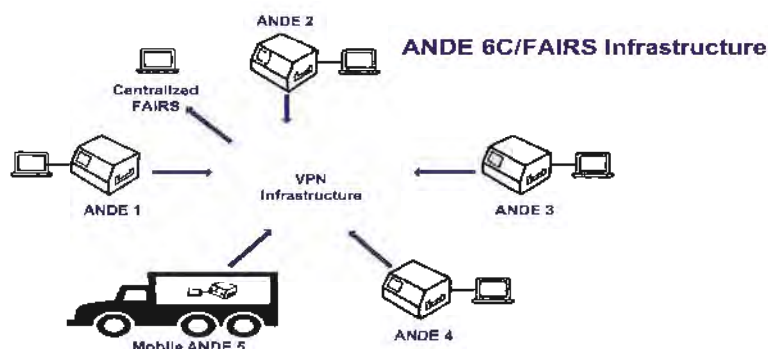

What is the advantage of a state or local database under local control?

DNA is currently used to provide definitive identifications using strict standards for comparisons and entry into a national database. This is a valuable tool that must be maintained, but DNA can do much more to provide assistance to law enforcement and prosecutions. Common alleles can direct an investigation toward or away from a suspect whether or not the DNA ID has sufficient data for a full identification. Partial information can be stored as a reference. A commonly accepted statistic is that 80% of crime is local further highlighting the importance of a local/state database.

CASE WORK

How can Rapid DNA be used to support investigations?

Getting DNA results in less than two (2) hours opens up previously unattainable advantages for law enforcement and victims. The ability to quickly identify, include, or exclude persons through DNA ID's can be critical to the course of an investigation. Comparisons can be made between known subjects and crime scene collections while the scene is still under law enforcement control or the subject is in an interview room. Developing investigative leads quickly and with NDIS level accuracy can make all the difference in time sensitive cases such as human trafficking, sexual assaults and other violent crimes. ANDE's unique ability to provide law enforcement with a ruggedized and mobile solution allows for processing of vital samples at the point of contact in the field, a lab setting or in the station. A final key component of casework is CODIS confirmations. Agency rules for CODIS confirmations vary nationally but its undeniable that a two (2) hour turnaround time significantly benefits investigators.

Note: The diagram shows multiple ANDE instruments working together as part of a unified Rapid DNA solution. ANDE is the only ruggedized and fully mobile Rapid DNA instrument globally.

RAPID DNA IN COURT

How can a local jurisdiction afford a local database and Rapid DNA?

Jurisdictions have employed a variety of methods to fund their efforts. Orange County, CA, implemented a voluntary consent to DNA sampling as part of a plea negotiation program. A \$75 fee is charged to the defendant to pay the actual costs of the database and collection process. Their local database has been populated with more than 163,000 DNA ID's using this method that takes advantage of Rapid DNA capabilities. Orange County has been able to increase plea bargains, reduce court cost and solve crimes faster as a result of Rapid DNA. The Orange County DA's Office is experiencing a dramatic increase in criminal confessions and plea bargains based on law enforcement's ability to confront the accused with validated DNA results. Rapid DNA is following the same technology advancement paths as other critical tools for law enforcement; electronic fingerprints, breathalyzer testing and field-based drug testing kits (NIK). ANDE is committed to supporting our customers throughout the adjudication process with expert witness testimony and scientific validations as part of our overall solution.

THE COST OF RAPID DNA

The ANDE Rapid DNA solution is designed to be a part of the larger public safety ecosystem with agency experts and leadership determining where the technology can best be deployed to impact crime. As with any new technology, Rapid DNA carries a slightly higher price tag over traditional lab-based DNA processing. At this point, the tradeoff is time vs. expense with investigators determining where a two (2) hour response time is most critical. Over the last year, due to growing demand and market acceptance, ANDE has been able to reduce the cost per sample and fully expects those costs to continue to decrease moving forward. To help address cost, ANDE has revolutionized the Rapid DNA market by providing our complete solution as a subscription. In a subscription model, agencies and/or consortiums avoid major capital expenditures and are able to roll out a full Rapid DNA modernization program quickly and in an economical manner. To further reduce agency cost, ANDE's subscription model includes all

necessary services for training, installation and configurations at no cost. Every dollar spent by an agency goes towards running samples and casework.

SUMMARY

- The Department of Justice has laid the groundwork for Rapid DNA to be used in booking stations with the passing of the Rapid DNA Act of 2017
- The FBI has methodically evaluated and tested the ANDE solution in conjunction with its scientific partners and issued a full NDIS approval as the only NDIS approved Rapid DNA solution
- The FBI is currently testing casework and crime scene samples with the goal of allowing those samples as well as buccal swabs to be entered into CODIS via a Rapid DNA instruments in the future
- It is critical for a partnership and cooperation to be established between the traditional laboratory environment and the use of Rapid DNA
 - Traditional Lab provides expertise and/or 'reach back' for low content or samples that contain mixtures
 - ANDE Rapid DNA can be used to support CODIS confirmations within hours
 - ANDE Rapid DNA can be used to support the SAK process within hours
 - ANDE Rapid DNA can be used to help expedite known and/or single source samples
 - ANDE Rapid DNA offers traditional labs a ruggedized and mobile solution for critical incidents responses, mass casualties (DVI) and expanded support of local law enforcement
 - ANDE Rapid DNA has incorporated Claimed Relationship software for familial searching
- ANDE Rapid DNA can be used for investigative leads and pointers while the incident scene is still under law enforcement control
- ANDE Rapid DNA can be used by DA's and prosecutors in support of plea bargains to help expedite the adjudication process and reduce court costs
- ANDE's subscription model for deployment and pricing reduces capital costs and eliminates the 'built in obsolescence' issues all labs face
- ANDE Rapid DNA includes a 50-sample validation for new customers to ensure compliance with existing standards and protocols

THE WAIT
IS OVER:
**GET A DNA
IDENTIFICATION
IN 2 HOURS**

The ANDE Rapid DNA system uses the same proven chemistry as a standard lab test, and receiving results in less than 2 hours means that DNA can now play a role in the early stages of an investigation, allowing you to settle, solve and win cases more effectively and efficiently than ever before.

Daubert/Frye

ANDE is prepared to play an active role in helping you navigate these cases by providing support and resources. This includes expert witness testimony, peer-reviewed papers, validation of the ANDE system, and help with necessary documentation. Rules and regulations concerning DNA differ between states, and ANDE experts are on hand to help you navigate these state laws and provide counsel on the evolving landscape of Rapid DNA legislation.

Field-Tested. FBI-Approved.

With the passage of the Rapid DNA Act and the first NDIS approval of a Rapid DNA system, the FBI is now working to implement Rapid DNA at booking stations for arrestees. It is already in use in some jurisdictions to populate local databases and assist investigations.

"It is important that the criminal justice system stays current in the use of technology and science by law enforcement to apprehend and prosecute criminals, while also protecting the innocent."

National District Attorneys Association

from a letter supporting the Rapid DNA Act of 2017

PARTNERSHIPS

ANDE Rapid DNA can significantly strengthen two of your most important partnerships as a district attorney:

Local law enforcement can conduct more focused, efficient investigations, saving time and money within their agency and your office. By double-swabbing crime scenes for both rapid and standard DNA testing, investigators can also weed out unusable samples, and only send promising ones to the lab. The ability to quickly identify, include, or exclude persons through DNA IDs can be critical to the course of an investigation. Comparisons can be made between known subjects and crime scene collections while the scene is still under law enforcement control, or the subject is in an interview room.

Traditional laboratories can benefit by allowing technicians to focus their efforts on the samples that will likely serve as valuable evidence in court, helping to remedy the rampant backlog problem found in nearly every lab.

HUMAN TRAFFICKING INVESTIGATIONS

Rapid DNA produces DNA identification results in less than two hours, greatly enhancing the prosecution and prevention of human trafficking. With this technology, you can:

- **Process a location used as a brothel and produce DNA ID's before the trafficker and victims have fled the jurisdiction.**
- **Prove where a victim has been housed and potentially the type of activity occurring whether or not the victim is cooperative.**
- **Determine familial relationship of claimed children, e.g., at border checks.**

The Importance of Local Databases

DNA is currently used to provide identifications using strict standards for comparisons and entry into a national database. This is a valuable tool that must be maintained, but DNA can do much more to provide assistance to law enforcement and prosecutions. Common alleles can direct an investigation toward or away from a suspect whether or not the DNA ID has sufficient data for a full identification. Partial information can be stored as a reference.

Because about 70% of crime in the U.S. is committed by just 6% of the criminal population*, a locally-maintained and operated database is invaluable, and can often be populated within a few months of collecting IDs. The local database may be maintained by law enforcement agencies, the district attorney office, or each may have their own.

Jurisdictions have employed a variety of methods to fund their efforts. Orange County, CA, implemented a voluntary consent to DNA sampling as part of a plea negotiation program. A \$75 fee is charged to the defendant to pay the actual costs of the database and Rapid DNA collection process. Their local database has been populated with more than 163,000 DNA ID's using this method.

The ANDE Rapid DNA instrument

Rapid DNA is the generation of a DNA ID to identify an individual quickly (less than 2 hours).

The faster DNA results are available, the more they can impact critical military, forensic, homeland security, and intelligence decisions. And to maximize the impact of DNA identification for law enforcement, homeland defense, disaster victim identification and military applications, rapid DNA systems must be operable in the field.

The FBI defines Rapid DNA as “the fully automated (hands free) process of developing a CODIS Core Loci STR profile from a reference sample buccal swab. The “swab in – profile out” process consists of automated extraction, amplification, separation, detection, and allele calling without human intervention.”

ANDE Rapid DNA is the first to receive FBI approval under new standards

On June 4, 2018, ANDE received National DNA Index System (NDIS) approval from the FBI. The approval allows accredited NDIS laboratories to process DNA samples using the ANDE system and search the resulting ANDE DNA IDs™ against the FBI's Combined DNA Index System (CODIS) program, without manual interpretation or technical review.

The Rapid DNA Act of 2017 calls for DNA testing of arrestees in police booking stations, with the goal of identifying arrestees wanted in connection with rapes, murders, and other crimes while they are still in police custody (instead of being released within hours, without performing DNA identification, as is currently the case). By identifying suspects quickly, Rapid DNA testing of arrestees has the potential to identify repeat criminals, dramatically reducing the rate of violent crimes. The Rapid DNA Act of 2017 requires NDIS approval of Rapid DNA Systems to be used in police booking stations, and ANDE is the first and only system to receive this approval.

About the NDIS approval

ANDE accelerates the DNA processing from taking months or even years to less than two hours. A comprehensive developmental validation study evaluated the ANDE Rapid DNA Identification System's overall process—from inserting cheek swabs to ANDE DNA ID generation; testing included the instrument, a Chip consumable, Flex-Plate™ chip plate, and automated data interpretation by the on-board Expert System Software. The forensic science community supports this validation process to be undertaken for any new scientific technology introduced in the criminal justice system. More than 2,000 samples were tested by leading forensic laboratories, and the ANDE system successfully produced accurate, reliable, reproducible, and robust results without manual processing. As of January 1, 2017, the FBI implemented new standards expanding the CODIS Core Loci to a total of 20. ANDE's NDIS approval meets these new standards.

Forensic laboratories participating in the developmental validation of the ANDE System included:

- Florida Department of Law Enforcement - <http://www.fdle.state.fl.us>
- Louisiana State Police - <http://www.lsp.org/>
- Defense Forensic Science Center - <http://www.cjd.army.mil/dfsc-usacil.html>
- National Institute for Criminalistics and Criminology, Belgium - <https://nlcc.fgov.be/>
- National Institute of Standards and Technology (US Commerce Department) - <https://www.nist.gov/>

NDIS approval of the ANDE system is a major milestone in the United States as well as in the many countries that look to the FBI as a global leader in forensic DNA analysis. Rapid DNA policies have been developed by NDIS and SWGDAM (Scientific Working Group on DNA Analysis Methods), and developmental validation studies were designed to ensure that the ANDE Rapid DNA Identification System generates results equivalent to those from a forensic laboratory.

The Rapid DNA Act of 2017

The bipartisan, bicameral *Rapid DNA Act of 2017* was passed in the Senate and the House of Representatives on May 16, 2017.

The *Rapid DNA Act* establishes a system for the integration of Rapid DNA instruments for use by law enforcement "to solve and prevent violent crimes and other crimes, to exonerate the innocent, to prevent DNA analysis backlogs". Unlike traditional DNA analysis, which can take weeks, Rapid DNA analysis processes DNA samples in less than two hours.

This technology has the potential to change the paradigm for law enforcement. It can be deployed in investigative operations and booking facilities. Rapid DNA provides law enforcement officials with a new system that meets FBI quality assurance standards to compare DNA samples collected at the time of an arrest to profiles in the Combined DNA Index System (CODIS).

Author of the bill, Senator Orrin Hatch said, "This commonsense proposal will enable law enforcement to analyze DNA in record time, reducing backlogs in rape kits and keeping violent criminals off our streets. By facilitating the use of rapid DNA technology, this bill will also help to exonerate those wrongly accused of crime."

The following organizations have sent letters of support for the Rapid DNA Act of 2015 and/or the Rapid DNA Act of 2017:

- [Peace Officers Research Association of California](#)
- [National District Attorneys Association](#)
- [National Association of Police Organizations](#)
- [Major Cities Chiefs Association](#)
- [International Association of Chiefs of Police](#)
- [National Fraternal Order of Police](#)
- [Consortium of Forensic Science Organizations](#)
- [Federal Law Enforcement Officers Association](#)

The Rapid DNA Act also received strong support from US Attorney General Sessions

DNA IDs and Privacy:

DNA IDs are not Genetic Profiles - the two tests look at different aspects of an individual, are performed for different purposes. A DNA ID simply identifies an individual, while a Genetic Profile is designed to assess the health of an individual, and contains essentially every piece of genetic information in the human genome. *To put this in perspective, a DNA ID contains approximately one-millionth of the information in a Genetic Profile.*

DNA IDs are the optimal identification tool for two major reasons:

1. DNA IDs are far more accurate than any other biometric modality including conventional fingerprints, facial recognition, iris scans, and voice recognition.
2. DNA IDs preserve privacy - they contain absolutely no useful information about an individual other than identification. A DNA ID contains much less usable information than an individual's address, phone number, photograph, or browser search history.

The ability of DNA IDs to identify a person with exquisite accuracy is accompanied by an emphasis on privacy protection - the DNA ID generates absolutely no information concerning an individual's health or body composition or organic strengths or weaknesses.

Besides identifying an individual, DNA IDs can do two other things:

- DNA IDs can determine gender. This is accomplished by determining if an individual has just X chromosomes (female) or X and Y chromosomes (male). Gender is a politically-charged topic in some circles today - so to be clear, DNA IDs determine gender based solely on chromosomes.
- DNA IDs from two or more individuals can be compared to determine if the individuals are close biological relatives. DNA is passed from parent to child, and each child inherits half of his or her DNA from each parent. That means that by comparing DNA IDs, it is essentially always possible to determine if two people are parent and child, often possible to determine if two people are likely to be siblings, and sometimes possible to determine if two people are likely to be grandparent-grandchild or aunt/uncle-niece/nephew. The use of DNA IDs in kinship analysis has been applied to Law Enforcement (familial searching), paternity testing, immigration, and disaster victim identification.

DNA IDs represent the most accurate and most private approach to human identification. The test provides Law Enforcement with a highly effective public safety tool while preserving the privacy of our citizens.

SUBSCRIPTION SERVICES AGREEMENT – US

This Subscription Services Agreement ("Agreement") is entered into by and between the ANDE Corporation a Delaware Corporation having its principal place of business at 3100 Logic Drive, Suite 1E, Longmont, CO 80503 ("ANDE"), and Oklahoma ("Customer."). This Agreement consists of the summary of agreement below, the "Terms and Conditions", and all attachments referenced in this Agreement.

- Products & Services:** ANDE will provide Customer with Chips, Equipment, Software, Related Supplies and Support for Rapid DNA Analysis (the "Service"), as more fully described in this Agreement.
- Initial Term:** The Initial Term of this Agreement shall commence on the Effective Date and shall continue for a period of three (3) Years (the Initial Term).
- Auto Renew:** At the Customer's discretion, the Agreement may be renewed for an additional (2) one-year terms after the Initial Term (the "Renewal Term"). Customer is required to inform ANDE in writing within ninety (90) days of the expiration of the Initial Term or its intention to not renew.
- Pricing:** Customer agrees to pay to ANDE the Fees for the Service, as set forth on Exhibit A. Customer will pay all actual Taxes subject to the Standard Terms and Conditions. ANDE's pricing is denominated and payable in US dollars, is based on fees for the entire Initial Term or Renewal Term and reflects any applicable discounts to the Service. During the Initial Term or subsequent Renewal Terms additional Chips or Swabs may be purchased at the discounted price in Exhibit A (Optional Purchases).
- Support Services:** ANDE agrees to provide support services during the Initial Term of the Agreement as set forth in Exhibit B. At the beginning of the Initial Term and each Renewal Term, an annual Service Contract charge (at the discounted price in Exhibit A) will be invoiced for each Instrument deployed under this Arrangement.
- Invoicing and Minimum Chip Volumes:** (i) ANDE will generate an annual invoice for Products and Services upon the effective date of this agreement and at the beginning of each subsequent one-year anniversary for the term of the arrangement, or upon the date of a renewal. (i) fees are billed in advance. In the event of termination for loss of funding, annual payments made are non-refundable (ii) Under this Subscription Pilot Agreement, the yearly minimum Chip purchase ("Minimum Volume Commitment") is 100 chips per Instrument. Unused chips will not carry over to any subsequent yearly subscription renewals. (iv) During the Initial Term or subsequent Renewal Term additional consumables may be purchased at the pricing quoted in Appendix A. ANDE will invoice for these materials at the time of shipment. (v) Payment in full is due the 30th day of the month following the date the invoice is presented to the Customer. (vi) ANDE may at its discretion, adjust on an annual basis, the allocation of instrument(s) and/or chips provided under this Agreement.

Shipping & Delivery: ANDE will ship Instruments, and Products directly to the designated customer site(s) as set forth in Exhibit A. ANDE Chip deliveries will be in increments of 10 Chips per delivery order (one-half pallet).

Termination: Either Party may terminate the Agreement in the Event of an Uncured Material Breach as defined in the Standard Terms and Conditions. Government Customers may terminate upon loss of funding as set forth in the Standard Terms and Conditions. Upon termination, ANDE shall be entitled to payment for any chip deliverables made to the Customer.

Terms & Conditions: Any acceptance of ANDE's offer, or the Sale of any Services is limited to acceptance of the Terms and Conditions as listed on ANDE's Website (<https://www.ande.com/terms-us/>). No other document shall modify the Standard Terms and Conditions.

BY SIGNING BELOW ANDE AND CUSTOMER AGREE TO ALL THE TERMS AND CONDITIONS OF THIS SUBSCRIPTION SERVICES AGREEMENT, THE TERMS AND CONDITIONS AND OTHER AGREEMENTS AND EXHIBITS REFERENCED IN THIS AGREEMENT. THIS AGREEMENT IS NOT BINDING UNTIL EXECUTED BY BOTH CUSTOMER AND ANDE.

IN WITNESS WHEREOF, the parties hereby execute and authorize this Agreement as of the Effective Date:

See Historical Data for Current Version

Cite as: 22 O.S. § 210 (OSCN 2019)

A. Subject to the availability of funds, a person eighteen (18) years of age or older who is arrested for the commission of a felony under the laws of this state or any other jurisdiction shall, upon being booked into a jail or detention facility, submit to deoxyribonucleic acid (DNA) sample collection for testing for DNA-identification-matching purposes in accordance with Section 150.27a of Title 74 of the Oklahoma Statutes and the rules promulgated by the Oklahoma State Bureau of Investigation (OSBI) for the OSBI Combined DNA Index System (CODIS) Database. DNA samples shall be collected by trained medical personnel, law enforcement, tribal police officers, or employees or medical contractors of those organizations as qualified pursuant to subsection B of this section.

B. Samples of blood or saliva for DNA testing or for DNA-identification-matching purposes required by subsection A of this section shall be taken by trained medical personnel, law enforcement, tribal police officers, or employees or medical contractors of those organizations. The individuals shall be properly trained to collect blood or saliva samples. Persons collecting blood or saliva for DNA testing or for DNA-identification-matching purposes pursuant to this section shall be immune from civil liabilities arising from this activity. All collectors of DNA samples shall ensure the collected samples are mailed or delivered to the OSBI within ten (10) days after the DNA sample is collected from the person using sample kits provided by the OSBI and procedures promulgated by the OSBI, or if the jail, detention facility, booking facility of a federally recognized American Indian tribe in Oklahoma or other designated facility is using Rapid DNA technology, the collector shall use the provided collection instruments. Once the DNA-identification-matching process has concluded and a sample has been mailed or delivered to the OSBI, the collector shall discard the Rapid DNA sample taken in the jail, detention facility, booking facility of a federally recognized American Indian tribe in Oklahoma or other designated facility.

If a jail, detention facility, booking facility of a federally recognized American Indian tribe in Oklahoma or other designated facility is using Rapid DNA technology to take the DNA sample for DNA identification purposes, said sample shall not be retained, tested or stored after completion of the Rapid DNA identification process. Any person charged with the custody and dissemination of DNA samples and profiles shall not divulge or disclose any such information except to federal, state, county or municipal law enforcement or criminal justice agencies, nor shall the person tamper with the samples and profiles taken. Any person violating the provisions of this section shall, upon conviction, be guilty of a misdemeanor punishable by imprisonment in the county jail for not more than one (1) year.

C. A DNA sample shall not be analyzed and shall be destroyed unless one of the following conditions has been met:

1. The arrest was made upon a valid felony arrest or warrant;
2. The person has appeared before a judge or magistrate judge who made a finding that there was probable cause for the arrest;
3. The person posted bond or was released prior to appearing before a judge or magistrate judge and then failed to appear for a scheduled hearing; or
4. The DNA sample was provided as a condition of a plea agreement.

D. All DNA samples, records and identifiable information generated pursuant to the provisions of this section shall be automatically expunged from the OSBI Combined DNA Index System (CODIS) Database under the following circumstances:

1. The felony offense for which the person was arrested does not result in charges either by information or indictment and the statute of limitations has expired;
2. The state voluntarily dismissed the felony charge filed against the person; or
3. The court dismissed the felony charge filed against the person.

The Oklahoma State Bureau of Investigation shall promulgate rules establishing procedures relating to the automatic expungement of DNA samples, records and identifiable information collected under the provisions of this section. Fees related to the expungement of DNA samples, records and identifiable information shall not be assessed for persons who qualify for an automatic expungement under the provisions of this subsection.

Tulsa County District Attorney Proposal

- Overview of problem to be addressed
- Detailed cost of budget proposal
- Support letters
- Quotation of cost from Cellebrite

The 2017 US Census showed Tulsa County to have a population of Six Hundred Forty-six Thousand Two Hundred Sixty-six (646,266). While the bulk of the population resides within the City of Tulsa and Broken Arrow (404,170 and 107,403 respectively) One Hundred Thirty Four Thousand Six Hundred Ninety-three (134,693) residents of the county live outside the jurisdiction of the Tulsa Police Department and the Broken Arrow Police Department. Another Twenty Thousand Nine Hundred Twenty-eight reside within the jurisdiction of the City of Sapulpa. The population of Sapulpa showed to be Twenty Thousand Nine Hundred Twenty-eight (20,928). The Tulsa Police Department, Broken Arrow Police Department and Sapulpa Police Department have the tools (Cellbrite) and trained investigators to conduct forensic examinations of cell phones. One Hundred Thirteen Thousand Seven Hundred Sixty-five (113,735) Tulsa County residents live outside the jurisdictions of the municipal police departments mentioned above.

According to the United States Supreme Court as written in the *Riley v California* decision;

The current top-selling smart phone has a standard capacity of 16 gigabytes (and is available with up to 64 gigabytes). Sixteen gigabytes translates to millions of pages of text, thousands of pictures, or hundreds of videos. See Kerr, *supra*, at 404; Brief for Center for Democracy & Technology et al. as Amici Curiae 7–8. Cell phones couple that capacity with the ability to store many different types of information: Even the most basic phones that sell for less than \$20 might hold photographs, picture messages, text messages, Internet browsing history, a calendar, a thousand entry phone book, and so on. See *id.*, at 30; *United States v. Flores-Lopez*, 670 F. 3d 803, 806 (CA7 2012). We expect that the gulf between physical practicability and digital capacity will only continue to widen in the future.

The same decision goes on to say;

In the cell phone context, however, it is reasonable to expect that incriminating information will be found on a phone regardless of when the crime occurred....It would be a particularly inexperienced or unimaginative law enforcement officer who could not come up with several reasons to suppose evidence of just about any crime could be found on a cell phone. Even an individual pulled over for something as basic as speeding might well have locational data dispositive of guilt on his phone. An individual pulled over for reckless driving might have evidence on the phone that shows

whether he was texting while driving. The sources of potential pertinent information are virtually unlimited,

(Bold added for emphasis)

One Hundred Thirteen Thousand Seven Hundred Sixty-five (113,735) Tulsa County residents live outside the jurisdiction of municipal agencies with the capability to conduct forensic cell phone examinations. The probability of a significant number of these citizens to become the victim of a violent crime and not have a law enforcement agency capable of conducting forensic cell phone examinations of the suspects' phones, while difficult to quantify precisely, is obvious.

The Tulsa County District Attorney's Office takes the position every resident who is the victim of violent crime within Tulsa County, regardless of whether they live in a municipality with resources to conduct forensic cell phone examinations, deserve the opportunity of justice and to live in safe communities. The successful prosecution and incarceration of violent offenders reduces the likelihood of the offender committing further acts of violence against the populace.

The ability of the Tulsa County District Attorney's Office to have Cellbrite, which is acknowledged as one of, if not the, best forensic cell phone examination tool, and trained investigators to operate the system will allow the office to serve the segment of the population which is currently underserved. The District Attorney's Office is also in the position to assist the agencies which do have the capability when those agencies have an over-load of cases and a backlog of examinations.

TOTAL REQUEST: \$ 36,425.72

Cellebrite Technology plus 5 day training for 3 Investigators: \$21,550.00

(1 UFED Touch 2 Device: \$10,000 & Training Session: \$3,850 x 3 Investigators = \$11,550)

To Whom It May Concern:

I am currently one of two (2) officers at the Sapulpa Police Department that performs examination of portable digital communication devices. I wanted to take a few minutes and express my support of the Tulsa County District Attorney's Office Investigative Unit.

I have worked on investigations with Jay Long by assisting him with cell phone extractions and examinations. Although we will continue to support one another, I work for an agency that has only two (2) digital examiners. Due to the large case load of investigations, administrative duties, and the daily pull of routine police work the assistance Investigator Long needed was inevitably delayed.

The need for the District Attorney's Office to have at their disposal equipment and training to immediately retrieve data from cell phones and other devices is a vital part of their job. As earlier mentioned, the Sapulpa Police Department will always try and assist any agency that requests our assistance but, the assistance we give is often delayed because of factors outside of our control. If Investigator Long and others had immediate access to their own equipment and the necessary training, their effectiveness would be greatly increased.

If any other information is needed, please feel free to contact me at (918) 227-5106.

Sincerely,

Mark Swafford
Lt. #22

Chief of Police
James Dean

Deputy Chief
Billy Wakefield

Date: 05/13/2019

To: Jay Long, TC DA's Investigator

From: James Dean; Chief of Police

Subject: Tulsa County Grant for Phone Dump

To whom it may concern,

I was contacted by Tulsa County District Attorney Investigator Jay Long at which time he advised me the Tulsa County District Attorney's Office was applying for a grant for equipment the Investigators could use for "phone dumps".

The Tulsa County District Attorney's Office and their personnel have always worked together with the Skiatook Police Department in their efforts of prosecuting crimes in Tulsa County. This close working relationship has made better communications with the agencies as well as the DA's Office assisting our agency when needed.

The Skiatook Police Department does not have the capability to examine the data from cell phones or any other device capable of storing data. With the growing financial crimes, drug related crimes, as well as violent crimes the need for this technology is greater now more than ever.

The Skiatook Police Department supports the efforts of the Tulsa County District Attorney's Office of obtaining this equipment as we feel it is imperative for their agency to have to in prosecuting the above-mentioned crimes. If quality for this grant and receive the equipment in question this will also allow agencies like mine, the opportunity to have available the means to collect such evidence.

Sincerely,

James P. Dean,
Chief of Police
Skiatook Police Department

FROM: Matney M. Ellis
Purchasing Director 

TO: Board of County Commissioners

SUBJECT: Request for Approval – INCOG – Tulsa County CDBG Urban County
Requalification for Participation for Fiscal Years 2020-2022

Submitted for your approval and execution is the attached amendment to the Tulsa County Urban County Community Development Block Grant (CDBG) Program Cooperation Agreement, originally approved and executed July 9, 2007, CMF# 207213.

As required by HUD Notice CPD-19-04 and further described in the attached letter from INCOG, an amendment is required for all Tulsa County Urban County members (Board of County Commissioners of Tulsa County and the cities of Bixby, Broken Arrow, Collinsville, Glenpool, Jenks, Owasso, Sand Springs, Sapulpa, Skiatook, and Sperry) in order to seek re-qualification with the Department of Housing and Urban Development (HUD) to receive CDBG funds as an urban county for the fiscal year 2020-2022 period.

Respectfully submitted for your approval and execution.

RECEIVED

MEMORANDUM

TO: Nolan Fields, Assistant District Attorney

JUN 25 2019

FROM: Claudia Brierre *CB*

NMF

DATE: April 1, 2019

RE: TULSA COUNTY CDBG URBAN COUNTY REQUALIFICATION FOR PARTICIPATION FOR FISCAL YEARS 2020-2022

It is time for Tulsa County to initiate the process to seek re-qualification with the Department of Housing and Urban Development (HUD) to receive Community Development Block Grant (CDBG) funds as an Urban County for the period of FY2020-2022. Tulsa County first attained urban county status for the qualification period FY2008-2010, so we are in our fifth requalification period. The CDBG Program provides federal funds to eligible units of local governments to address community development needs. CDBG regulations permit counties who meet the threshold of a total combined population of 200,000 or more (excluding metropolitan cities) to qualify as an urban county to receive a direct federal allocation of CDBG funds. The qualification period is for a renewable three-year period. The City of Broken Arrow and nine other Tulsa County jurisdictions participate as members of the Tulsa County Urban County. The City of Tulsa is not a member.

The requirements, procedures and deadlines to be followed in the urban county requalification process are set out in HUD Notice CPD-19-04. A packet is sent to the HUD Field Office which includes documentation of required notifications to members of the Urban County. One of the documents required is an opinion of County legal counsel that the terms and provisions of the Cooperation Agreements continue to be fully authorized under State and local law (under the Oklahoma Interlocal Cooperation Act); (CPD Notice 19-04 IV.E paragraph 2, Page 11). I have attached HUD Notice CPD-19-04 for your reference. I have also attached the Cooperation Agreement executed by the City of Broken Arrow in 2007; the Cooperation Agreement contains an automatic renewal provision, so we do not need to seek a new agreement each requalification period.

I am seeking your signature on the attached form Statement of the District Attorney, certifying that the terms and provisions of the Urban County Cooperation Agreement continue to be fully authorized under State law. The Assistant District Attorneys formerly in your position executed the Statement for the previous four requalification periods.

For this Qualification period, the HUD Notice CPD-19-04 contains a new requirement that existing Cooperation Agreements with automatic renewal provisions also contain a provision that units of general local government located within an urban county are prohibited from the sale, trade or otherwise transfer CDBG funds for unrestricted local funds. This is not practice that the Tulsa County Urban County engaged in (not even sure what it means), but the Cooperation Agreement must be amended to contain this provision. I have drafted the provision for your review and approval, and it is attached. All eleven members must sign the amendment, so we will produce individualized amendments.

COOPERATION AGREEMENT

A COOPERATION AGREEMENT BETWEEN THE CITY OF BROKEN ARROW, OKLAHOMA AND THE BOARD OF COUNTY COMMISSIONERS OF TULSA COUNTY, OKLAHOMA, FOR THE PURPOSE OF PARTICIPATION IN THE TULSA COUNTY URBAN COUNTY COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM FOR FEDERAL FISCAL YEARS 2008-2010

This Cooperation Agreement ("Agreement") for Community Development Block Grant ("CDBG") funds is made and entered into this 18 day June, 2007, by and between Tulsa County ("COUNTY"), and the City of Broken Arrow ("CITY").

WHEREAS, the Housing and Community Development Act of 1974, as amended (24 U.S.C. 93-383 et seq.), (the "Act"), provides that Community Development Block Grant, ("CDBG"), funds may be used for the support of activities that provide decent housing and suitable living environments and expanded economic opportunities principally for persons of low- and moderate-income; and,

WHEREAS, CDBG Regulations 24 CFR 570.307(a) allow counties having a total combined population of 200,000 or more from the unincorporated areas and participating incorporated areas to qualify as an urban county; and,

WHEREAS, the COUNTY meets this threshold and has requested of the United States Department of Housing and Urban Development, ("HUD"), that the COUNTY be designated as an "urban county" as set forth in the Act; and

WHEREAS, the COUNTY has complied with all requirements for Counties seeking urban county entitlement status under the CDBG program; and

WHEREAS, Section 1008 of Title 74 of the Oklahoma Interlocal Cooperation Act permits local units of government to contract with other localities to perform any service or activity for which they are authorized to perform by law and to cooperate with other localities on a basis of mutual advantage; and

WHEREAS, the CITY is eligible for a CDBG formula allocation as a Metropolitan City but desires to relinquish its entitlement status for three years to participate with the COUNTY in the urban county CDBG program; and

WHEREAS, the COUNTY shall act in a representative capacity for all participating units of general local government and shall assume overall responsibility for ensuring that the urban county CDBG Program is carried out in compliance with federal rules, regulations and requirements of the CDBG Program, including requirements for a Consolidated Plan; and

WHEREAS, the governing bodies of each of the parties hereto have determined to enter into this Agreement for the aforesaid public purpose and undertaking.

NOW, THEREFORE, the parties identified below mutually agree as follows:

I. PURPOSE

The COUNTY and CITY agree that the purpose of this Agreement is to cooperate to undertake, or assist in undertaking, community renewal and lower income housing assistance activities, funded from annual CDBG Program appropriations for the federal fiscal years for which the COUNTY qualifies for entitlement as an urban county and from any program income generated from the expenditure of such funds.

II. TERM OF AGREEMENT

The term of this Agreement shall be the COUNTY CDBG Urban County qualification period of the federal fiscal years 2008-2010, commencing on August 1, 2008, and ending on July 31, 2011, unless an earlier date of termination is fixed by HUD, pursuant to the Act. Notwithstanding the above, if there are activities undertaken pursuant to this Agreement that are not yet completed or funded, then for the purpose of those activities only, this AGREEMENT shall remain in effect until all CDBG funds received pursuant to this AGREEMENT, and any program income received with respect to activities carried out pursuant to this AGREEMENT are

expended, and the funded activities are completed.

III. NOTIFICATION OF ELIGIBILITY

The CITY represents that the COUNTY has notified the CITY, in writing, of its intention to seek qualification for CDBG Program funding as an urban county; and that such notification advised the City:

- A. That the CITY was eligible to elect to have its population excluded from that of the urban county for the purposes of the CDBG Program; and
- B. That the CITY's election or failure to make an election shall be effective for the full three year period for which the COUNTY qualifies to receive a CDBG Program entitlement as an urban county, and
- C. That the CITY, in becoming part of the urban county, would relinquish its status as a CDBG direct entitlement recipient, and
- D. That the CITY, in becoming part of the urban county, would not be eligible to apply for grants under the HUD-Administered Small Cities or State CDBG programs while the CITY is a part of the urban county; and
- E. That the CITY, through separate agreement, participates in the HOME Program through the Tulsa County HOME Consortium, although this does not preclude the urban county or a unit of local government within the urban county from applying for State HOME funds to the extent allowable by the State

IV. PERIOD OF QUALIFICATION

- A. The COUNTY and CITY acknowledge that the COUNTY's qualification by HUD as an urban county shall remain effective for three (3) consecutive Federal Fiscal years 2008-2010, regardless of changes in its population or boundary or population changes in any communities contained within the urban county during that period, except as otherwise provided by 24 C.F.R. Part 570.307(f).
- B. The COUNTY and CITY acknowledge that, for grant calculation purposes, during the period of urban county qualification, the CITY, as an included unit of general local government, may not withdraw from the urban county unless the COUNTY does not receive a grant for any year during such period of qualification.

V. AUTOMATIC RENEWAL PROVISION

A. The COUNTY and CITY agree that this agreement will renew automatically at the end of each three-year qualification period, unless the COUNTY or the participating unit of general local government provides written notice it elects not to participate in a new qualification period.

B. By the date specified in HUD's Urban County Qualification Notice for the next qualification period, the urban county will notify the participating unit of general local government in writing of its right not to participate.

C. The COUNTY and CITY agree:

1. To adopt any amendment(s) to this Agreement incorporating changes that are necessary to meet HUD requirements for cooperation agreements set forth in any future Urban County Qualification Notice(s) that apply to a subsequent three-year urban county qualification period; and

2. To submit such amendment(s) to HUD as provided in the applicable Urban County Qualification Notice; and

3. That failure to comply with these requirements shall void the automatic renewal for such qualification period.

VI. DISTRIBUTION OF FUNDS

A. The COUNTY and CITY agree, for each fiscal year covered by this AGREEMENT, CDBG funds will be allocated by the COUNTY to CITY in an amount greater than the amount that CITY would have received if it had retained its status as a Metropolitan City as identified by HUD.

B. Notwithstanding the above, in no event shall the COUNTY be obligated to distribute more funds to CITY under this AGREEMENT than the COUNTY receives during the three-year agreement period.

C. CITY retains sole authority over the award and implementation of all CDBG funds allocated to CITY under this AGREEMENT. CITY may contract with other entities to perform CDBG-eligible activities, confirmed with a written contract that contains provisions specified in the CDBG Regulations at 24 CFR 570.

VII. REQUIRED ACTIONS

The COUNTY and CITY agree to take all required actions necessary to assure compliance with the COUNTY's urban county certification required by Section 104(b) of Title I of the Housing and Community Development Act of 1974, as amended, including Title VI of the Civil Rights Act of 1964, as amended, the Fair Housing Act, Section 109 of Title I of the Housing and Community Development Act of 1974, as amended, and all other applicable laws.

VIII. FAIR HOUSING ACTIVITIES

A. The COUNTY and CITY acknowledge and agree that the COUNTY and CITY are required to take steps to affirmatively further fair housing.

B. The COUNTY and CITY acknowledge and agree that urban county CDBG Program funding shall not be permitted or made available for activities in or in support of the CITY if it is determined that the CITY does not affirmatively further fair housing within its own jurisdiction or impedes the COUNTY's actions to comply with its fair housing certification.

IX. CIVIL RIGHTS POLICIES

The COUNTY and CITY acknowledge and represent to the other that they have adopted and are enforcing the following policies:

A. A policy prohibiting the use of excessive force by law enforcement agencies within their respective jurisdictions against any individuals engaged in non-violent civil rights demonstrations; and

B. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within the jurisdiction.

X. REQUIREMENTS APPLICABLE TO SUBRECIPIENTS

The COUNTY and CITY acknowledge and agree that, pursuant to 24 C.F.R. 570.501(b), the CITY shall be subject to the same requirements applicable to

subrecipients, including the requirement for a written agreement as set forth in 24 CFR 570.503.

XI. CONSOLIDATED PLAN

A. The COUNTY and CITY acknowledge and understand that a Consolidated Plan including a comprehensive affordable housing strategy is required of the COUNTY, as an urban county, and that the Consolidated Plan must be submitted to and approved by HUD.

B. The COUNTY and CITY agree that neither party, during the period covered by this Agreement, shall obstruct the implementation of the Consolidated Plan as approved by HUD.

XII. DURATION OF AGREEMENT

A. The COUNTY and CITY acknowledge that this Agreement shall remain in full force and effect for the period beginning with Federal Fiscal Year 2008 until CDBG Program and HOME Program funds and program income received with respect to activities carried out during the three-year qualification period, and any successive periods thereafter, are expended and the funded activities are completed.

B. The COUNTY and CITY agree that for the duration of each urban county qualification period covered by this Agreement, neither party may terminate, cancel, withdraw from, or, in any way, impair this Agreement.

XIII. LEGAL AUTHORITY

The COUNTY represents that counsel for the COUNTY has reviewed the terms and provisions of this Agreement, and amendments thereto, and that said counsel has determined that the terms and provisions of this Agreement are fully authorized under State law, as provided by O.S Title 74 Section 1008, as well as local law, and that the Agreement provides full legal authority for the COUNTY to undertake, or assist in undertaking, essential community development and housing assistance activities, consistent with the CDBG Program.

IN WITNESS WHEREOF, the parties hereto have caused this Cooperation Agreement to be executed by their respective and duly authorized officers.

Re: Corrected Quit Claim Deed
Our File: 2323-024

Lady and Gentleman:

This office is helping the City of Springs with the sale of two lots owned by City, namely Lots 17 and 18, Block 2, Sunrise Addition to the City of Sand Springs.

These two lots were acquired by Tulsa County by a resale tax deed. The Tulsa County Commission then attempted to pass the lots to the City of Sand Springs by a Quit Claim Deed dated August 14, 2017. A copy of that deed is enclosed herewith.

As can be seen from the face of that deed, the legal description on the deed is incomplete in that it omitted the designation of "Block 2" from the legal description.

There was an attempt to correct this deed but all that was done was that a cover sheet with a full and correct legal description was added to the deed and the deed re-filed of record. A copy of said corrected deed is also enclosed.

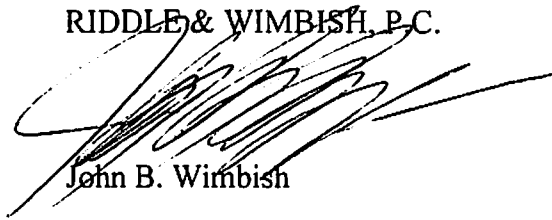

However, because a change in the legal description is a "material alteration" of the original deed, such material alteration must be made by having a new deed re-executed, re-acknowledged, re-delivered, and re-recorded (See Title Standard 3.5).

To that end I have drafted a Corrected Quit Claim Deed for execution by the Chairman of the Board of County Commissioners. I am hoping that one of you can help me in getting this new deed executed, acknowledged and sent back to me, or at least let me know what I need to do and who I need to coordinate with to get this done.

Thank you for your consideration. I look forward to hearing from you in this regard in the near future. Please let me know if you need any further information.

Sincerely,

RIDDLE & WIMBISH, P.C.

PURCHASING
DEPARTMENT

MEMO

DATE: July 2, 2019

FROM: Megan L. Blackford
Assistant Purchasing Director

TO: Board of County Commissioners

SUBJECT: Interagency Agreement- City of Collinsville

Submitted for your approval and execution is the attached Interagency Agreement between the Board of County Commissioners on behalf of the Tulsa County Juvenile Bureau and City of Collinsville for services regarding police officer contact with juvenile offenders and to monetarily support the continued operation of the Tulsa Area Community Intervention Center.

Respectfully submitted for your approval and execution.

MLB / arh

ORIGINAL: Michael Willis, County Clerk, for the July 8, 2019 agenda.

Interagency Agreement

The Tulsa Area Community Intervention Center, being operated by the Tulsa County Family Center for Juvenile Justice (Bureau), agrees to provide services to local municipalities regarding police officer contact with Tulsa County juvenile offenders. The City of Collinsville, being one of the municipalities served, agrees to access said services and to monetarily support the continued operation of the Tulsa Area Community Intervention Center, hereafter referred to as TACIC. The guidelines for the implementation of services are as follows:

TACIC will:

- Assist law enforcement officers by providing a 24 hour, 7 days a week, short-term retaining facility for quick drop-off of arrested juveniles so officers can return to their duties in the community;
- Provide a safe and secure environment for juveniles who have been arrested for violation a municipal ordinance or state law;
- Help reduce recidivism of juvenile offenders by delivering intervention for delinquent behavior;
- Detect and address the underlying causes of delinquent or problem behaviors on the front end as a preventative measure;
- Intervene before problems escalate into chronic or more serious offenses;
- Create a more effective and efficient alliance between police, parents, juvenile justice and treatment providers;
- Provide intake assessments, which include:
 - Verification of Detention eligibility
 - Verification of TACIC admittance criteria. Once admitted, continued intake to include:
 1. Intake Screening – OJA-5 Assessment Tool
 2. Enter/Update JOLTS
 3. Juvenile Justice Background Information
 4. Secure Signed Promise to Appear
 5. Voluntary Comprehensive Assessment
 6. Community Referrals/Follow Up
 7. Release to Parent, Guardian, or another Responsible Adult
 8. Transmit Information to Court Systems (Both Municipal and District)

The City of Collinsville will utilize services as needed by:

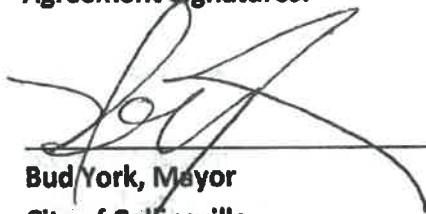

- Transporting juvenile offenders to TACIC's secure facility located at 600 Civic Center Plaza, Suite 110, Tulsa, OK. 74103, phone number (918) 596-7580;
- Officers will cooperate with TACIC staff regarding intake procedures;
- Officers will transport juvenile offenders to Tulsa County Juvenile Detention Center located at 315 S. Gilcrease Museum Rd., Tulsa, OK. 74126, should detention stays be applicable; and,
- Officers will be responsive to call-back by TACIC staff should more information be needed, or additional charges apply (contraband, destruction of public property, staff assault).

Whereas, above mentioned services are available, The City of Collinsville agrees to provide a one-time payment of two thousand four hundred dollars and no cents (\$2400.00) to the Tulsa County Juvenile Bureau.

Whereas, the sum of two thousand four hundred dollars and no cents (\$2400.00) is submitted to the Tulsa County Juvenile Bureau, TACIC agrees to offer services during the fiscal year beginning July 1, 2019 through June 30, 2020.

This agreement may be revised annually, providing both parties agree on revised content. This agreement is only active pending both parties' signatures and is not to be implied as a legal contract between acting parties.

Agreement Signatures:

Bud York, Mayor
City of Collinsville

USER AGREEMENT

THIS AGREEMENT is made and entered into by and between Board of County Commissioners of the County of Tulsa on behalf of its Parks Department, hereinafter referred to as "PARKS" and **Metro Tulsa Baseball Association**, hereinafter referred to as "ORGANIZATION".

The term of this agreement shall be from the 1 day of July, 2019 to Oct day of 30, 2019, 1pm-11pm.

ORGANIZATION shall have the right of use of the following facilities during the times and on the dates specified.

FACILITY	DAYS	TIME
O'Brien Baseball Fields	Dates are attached	

NEEDS TO PROVIDE DATES 45 DAY IN ADVANCE FOR USAGE OF SITES.

1. ORGANIZATION may charge admissions for events and entry fees for classes and tournaments. All income derived from such admission fees and entry fees shall be utilized solely to defray ORGANIZATION'S expenses. ORGANIZATION shall render a written financial report to the Parks Division of Tulsa County at the end of the contract period, disclosing all income and disbursements related to ORGANIZATION'S use of COUNTY'S facilities.
2. It is understood the ORGANIZATION is using the above-described facilities solely for the purposes herein set forth. ORGANIZATION assumes absolute responsibility and sole liability for the acts and actions of ORGANIZATION'S program participants and spectators during the use of said facilities at the time scheduled.
3. ORGANIZATION shall pay \$20.00 per game, (we will deduct the receipts for materials to repair the O'Brien baseball fields) for usage of the O'Brien East and West baseball fields.
4. ORGANIZATION shall maintain Commercial General Liability Insurance specifically related to the Organization's use and occupancy of the above described facilities issued by a company or companies authorized to do business in the State of Oklahoma, naming the County as an additional insured party, and providing coverage in amounts not less than the amounts required to insure against liability under the Oklahoma Governmental Tort Claims Act, including any amendments thereto subsequent to the date of this Agreement. Such agrees to give the COUNTY at least fifteen (15) days prior notice in the event of cancellation or material alteration of the provision of ORGANIZATION'S insurance coverage. Until such insurance policies or certificates thereof having been approved by PARKS, this agreement shall be without force or effect. In the event of cancellation or termination of any of the insurance policies or certificates herein required, this agreement shall immediately become null and void. Nothing herein contained shall be construed to limit or waive ORGANIZATION'S immunity from liability under the laws now in existence, or existing in the future.

5. ORGANIZATION further agrees that each program participant of ORGANIZATION, along with each of such participants, parents or legal guardians, shall execute a release of liability, in form acceptable to PARKS, which shall exonerate Tulsa County and the Board of County Commissioners, their agents and employees of Tulsa County from any and all liability as a result of injury to such participants associated with the use of County's facilities. This includes any participants joining the program of ORGANIZATION after the commencement of the program. This release shall be delivered to Tulsa County Parks no later than one week prior to beginning of trials, training, workouts, practices and/or events.
6. ORGANIZATION shall not sublet any Tulsa County Parks space, nor assign, hypothecate or mortgage this agreement or any of the right hereunder. Refer inquiries of usage to the Tulsa County Parks.
7. ORGANIZATION shall be responsible for all security at the premises during the events.
8. PARKS reserves the right to cancel, with or without cause, this Agreement upon 10 days written notice, to be effective upon mailing to ORGANIZATION at the address herein provided by ORGANIZATION. This right to cancel on behalf of Tulsa County Parks includes, but is not limited to, ORGANIZATION'S violation of any rules of conduct duly adopted for use of County facilities, which rules are attached hereto and made a part hereof, as terms and conditions of ORGANIZATION'S use pursuant to this Agreement.

Organization agrees to release, hold harmless, indemnify and defend Tulsa County, its agents and employees from any and all liability regardless of the source and regardless of the type of claim which may occur arising out of, directly or indirectly, the Organization's use of Tulsa County Facilities.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.**ADDITIONAL INSURED OWNERS AND/ OR LESSORS OF PREMISES, SPONSORS OR CO- PROMOTERS**

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

The policy is amended to include as an additional Insured any person or organization of the types indicated by an "X" in any boxes shown below, but only with respect to liability arising out of your operations:

- [X] Owners and/ or lessors of the premises leased, rented, or loaned to you, subject to the following additional exclusions:
- This insurance applies only to an "occurrence" which takes place while you are a tenant in the premises;
 - This insurance does not apply to "bodily injury" or "property damage" resulting from structural alterations, new construction or demolition operations performed by or on behalf of the owner and/ or lessor of the premises;
 - This insurance does not apply to liability of the owners and/ or lessors for "bodily injury" or "property damage" arising out of any design defect or structural maintenance of the premises or loss caused by a premises defect.

With respect to any additional insured included under this policy, this insurance does not apply to any negligence of such additional insured.

Standard Terms and Conditions

1. **Term.** The term of this Agreement shall be (1) year from the date signed by you, the Customer.
2. **Price Increases.** Prices of services provided in this agreement may be increased should you add property under this agreement, or in the event of increases in the cost of live, material, or labor, or costs incurred by TruGreen due to government regulation and other causes. In addition, TruGreen may elect to increase the price of services under this agreement after the first year, or after any subsequent anniversary date of the agreement by a percentage amount not to exceed five percent (5%) of the then current price, or consistent with any increase in the current consumer price index, whichever is greater. TruGreen shall not increase its prices on an elective basis more frequently than once during any agreement year.
3. **Payment Terms.** Payment is due to TruGreen within 30 days after the invoice date. In the event you fail to make payment when due, TruGreen reserves the right to terminate this Agreement. A late service fee equal to the lesser of 15% per month (15% a.p.m.) or the maximum interest rate allowed by law will be charged on any balance unpaid over thirty (30) days. A service charge of \$25.00 will be charged for any returned check. ~~Should it become necessary to bring an action to collect on any invoice, TruGreen shall be entitled to collect attorney's fees and costs.~~
4. **Check Deduction Policy (A/C).** When you provide a check as payment, you authorize TruGreen either to use information from your check to make a one-time electronic fund transfer from your account or to process the payment as a check transaction. If TruGreen uses information from your check to make an electronic fund transfer, funds may be withdrawn from your account as soon as the same day we receive your payment, and you will not receive your check back from your financial institution. ~~Reserve in the event that your payment is returned unpaid, you authorize us the option to collect a fee as allowed by law through an electronic fund transfer from your account.~~
5. **Termination.** In the case of your non-payment or default, TruGreen has the right to terminate this Agreement immediately upon notice to you. TruGreen may terminate this Agreement for convenience upon thirty (30) days prior written notice to you. You may cancel this Agreement for material breach by TruGreen, provided that you give TruGreen written notice of the details of the breach, and thereafter TruGreen fails to cure the breach within thirty (30) days after said notice. (a). ~~Additional termination grounds for landscape companies, property management companies, agents and other similar entities:~~ To the extent you represent one or more property owners and/or properties covered under this agreement, and in the event such owner terminates your contract with regard to one or more properties, then upon notice to TruGreen, you may terminate this Agreement only as it relates to such property for which owner terminated its contract with you. To the extent that this Agreement applies to other properties, not terminated by the owner, this Agreement shall continue in full force and effect with regard to such other properties.
6. **Right of Entry.** You agree to notify TruGreen in writing immediately in the event that you sell any property which is the subject of this Agreement. TruGreen shall make the appropriate adjustment in price to accommodate the reduction of square footage treated in the event that property is sold. In the event all property which is the subject of the Agreement is sold, this Agreement shall be terminated upon receipt by TruGreen of your written notice that you have sold the property. Should you fail to notify TruGreen as required in this provision, you agree to indemnify TruGreen for any damages incurred as a result of your failure to notify.
7. **LIABILITY.** TRUGREEN IS NOT RESPONSIBLE FOR DIRECT DAMAGES RESULTING FROM ITS NEGLIGENCE OR BREACH OF THIS AGREEMENT, BUT IS NOT RESPONSIBLE FOR ANY INDIRECT, INCIDENTAL, CONSEQUENTIAL, PUNITIVE, OR SPECIAL DAMAGES ARISING OR RESULTING FROM THE PERFORMANCE OR NONPERFORMANCE OF ANY OBLIGATIONS UNDER THE AGREEMENT INCLUDING, BUT NOT LIMITED TO, LOSS OF PROFITS OR INCOME, REGARDLESS OF THE BASIS FOR THE CLAIM.
8. **Duty to Inspect.** You have a duty to inspect the property within fifteen (15) days after service has been performed by TruGreen. If you believe TruGreen provided deficient work, you agree to notify TruGreen immediately in writing. If written notice is not received by TruGreen within fifteen (15) days after the date of service, you agree that any and all claims alleging damage of any nature or to recover past payments and/or rights to withhold future payments due under this Agreement are waived.
9. **Notice to Tenants, Employees, Visitors.** To the extent necessary, you have a duty to notify all tenants, employees, visitors and any other invitee on the premises of a scheduled service prior to the performance of any scheduled service by TruGreen.
10. **No Warranties.** Except as expressly set forth in this Agreement, TruGreen makes no warranty or representation of any kind, expressed or implied, concerning either products used or services performed, including no implied warranty of merchantability or fitness of the product for any particular purpose, and no such warranty shall be implied by law, usage of trade, course of performance, course of dealing, or on any other basis.
11. **Force Majeure.** Except for late payment of TruGreen's invoices owed by you, if either TruGreen or you shall be prevented or delayed in the performance of any or all of the provisions of this Agreement, by reason of any labor dispute, industrial disturbance, delay in transportation, governmental regulatory or legal action, act of God or any cause beyond such party's control, the obligations hereunder of such party shall be extended for as long as such cause shall be in effect and any delay or loss suffered by the other party shall not be chargeable in any way to such party; provided, however, the other party suffering such cause shall immediately notify the other party of such inability and shall use reasonable efforts to remedy same with all reasonable dispatch. If any event of force majeure should prevent a party from performing its obligations under this Agreement for a period of ninety consecutive (90) days, the other party shall have the right to cancel this Agreement upon notice to the party unable to perform its obligations.
12. **No Assignment.** You shall not have the right to assign this Agreement or agree to the transfer of this Agreement by operation of law or otherwise without the prior written consent of TruGreen. This Agreement shall be binding upon, and shall inure to the benefit of, the parties hereto and to any permitted successors and assigns.
13. **Weather/Cultural Practices.** The success of this program depends on proper watering, mowing and cultural practices. Some products used by TruGreen may include special directions requiring the watering of the material after application. If any of these products are used on the property, TruGreen will provide you with watering instructions following the application and you agree to assume such watering responsibility. Climate conditions, soil conditions, plant diseases, plant material, and miscellaneous external factors will impact response to treatment. Results for difficult-to-control diseases will vary depending on environment, culture and appropriate programs used or treatment applied. Treatment for diseases may include additional cost. Consult your TruGreen specialist for details.
14. **Modification of program.** This program consists of lawn care and/or tree care as indicated above. Specific products, rates of application and method of application will vary with the season, weather conditions, and the needs of your lawn as determined by your TruGreen specialist. Your regularly scheduled programs may be modified depending on the weather and the condition of your landscape. The application methods and procedures used to perform service under this Agreement will be determined solely by TruGreen. Your TruGreen specialist will keep you informed on any modifications to this schedule.
15. **Insects and Weeds.** Total insect elimination is not desirable with any program because beneficial insects will be lost along with the targeted pests. Plants treated by borers have a high probability of death or decline. Sound cultural practices and control applications may extend the life of some plant species. Treatment for boring insects may include additional cost. Consult your TruGreen specialist with details.
16. **Authorization to provide Service.** TruGreen agrees to furnish labor and materials for purposes of this Agreement and is authorized by you to treat the property at the address shown above. You represent and warrant to TruGreen that you are the owner of said property, or in the event that you are not the owner of the property to which this Agreement applies, you represent and warrant that you have the legal authority to execute and bind the owner of the property in the terms and conditions of this Agreement.
17. **ARBITRATION/ARBITRATION.** Any claim, dispute, or controversy, regarding any contract, tort, statute, or otherwise ("Claim"), arising out of or relating to this agreement or the relationships among the parties hereto shall be resolved by one arbitrator through binding arbitration administered by the American Arbitration Association (AAA), under the AAA Commercial or Consumer, as applicable, Rules in effect at the time the Claim is filed ("AAA Rules"). Copies of the AAA Rules and forms can be located at www.adr.org, or by calling 1-800-778-7879. The arbitrator's decision shall be final, binding, and non-appealable. Judgment upon the award may be enforced and entered in any court having jurisdiction. This clause is made pursuant to a transaction involving interstate commerce and shall be governed by the Federal Arbitration Act. Neither party shall sue the other party other than as provided herein or for enforcement of this clause or of the arbitrator's award; any such suit may be brought only in Federal District Court for the District or, if any such court lacks jurisdiction, in any state court that has jurisdiction. The arbitrator, and not any federal, state, or local court, shall have exclusive authority to resolve any dispute relating to the interpretation, applicability, unconscionability, arbitrability, enforceability or formation of this Agreement including any claim that all or any part of the Agreement is void or voidable. However, the preceding reference shall not apply to the clause entitled "Class Action Waiver."
18. **CLASS ACTION WAIVER.** Any Claim must be brought in the parties' individual capacity, and not as a plaintiff or class member in any purported class, collective, representative, multiple plaintiffs, or similar proceeding ("Class Action"). The parties expressly waive any ability to initiate any Class Action in any forum. The arbitrator shall not have authority to combine or aggregate similar claims or conduct any Class Action nor make an award to any person or entity not a party to the arbitration. Any claim that all or part of this Class Action Waiver is unconscionable, unenforceable, void, or voidable may be determined only by a court of competent jurisdiction and not by an arbitrator.
19. **THE PARTIES UNDERSTAND THAT THEY WOULD HAVE HAD A RIGHT TO LITIGATE THROUGH A COURT, TO HAVE A JUDGE OR JURY DECIDE THEIR CASE AND TO BE PARTY TO A CLASS OR REPRESENTATIVE ACTION. HOWEVER, THEY UNDERSTAND AND CHOOSE TO HAVE ANY CLAIMS DECIDED INDIVIDUALLY, THROUGH ARBITRATION.**
20. **UNLESS EXPRESSLY NOTED OTHERWISE HEREIN, THIS AGREEMENT AND ANY INVOICE ISSUED BY TRUGREEN PURSUANT TO THE TERMS HEREOF, SET FORTH THE ENTIRE UNDERSTANDING OF THE PARTIES, AND SUPERSEDES ANY AND ALL PROPOSALS, NEGOTIATIONS, REPRESENTATIONS AND PRIOR AGREEMENTS RELATING TO THE SUBJECT MATTER OF THIS AGREEMENT, WHETHER OR OTHERWISE, INCLUDING, WITHOUT LIMITATION, ANY SILENT AGREEMENT PREVIOUSLY SIGNED BY THE PARTIES. TO THE EXTENT THAT ANY TERMS SET FORTH IN AN INVOICE SHOULD CONFLICT WITH THE TERMS SET FORTH IN THIS AGREEMENT, THIS AGREEMENT SHALL CONTROL. NO TERMS, CONDITIONS, OR WARRANTIES OTHER THAN THOSE HEREIN MADE IN WRITING AND SIGNED BY AUTHORIZED REPRESENTATIVES OF BOTH PARTIES.**
20. This customer service Agreement is only valid if accepted by you within 30 days of the date submitted to customer.

TULSA COUNTY
BOARD OF COUNTY COMMISSIONERS

UTILITY PERMIT

NO. _____

TYPE OF INSTALLATION: County Road Bore (NW 121st Street South)

This authority executed in the original and three copies this 25th day of June, 2019

By the Tulsa County Board of Commissioners, hereinafter called the "COUNTY", witnessed:

That the COUNTY does by these presents, grant to:

Applicant Ashton Gray
Mailing Address 12360 Market Drive
City OKC ~~OKC~~, Ok. _____ Zip 73114

A permit to erect, construct and maintain a BORE along, upon or across the hereinafter described County Highway (s) for the purpose of transporting, selling, and using that portion of said County Highway (s) being shown on the attached drawing (s) and further described as follows:

To Cross East 121st Street South approximately .127
Cross or parallel County Highway name or number
miles: West of the Intersection of 121st St. S & Memorial Drive and further described as 600' feet West of the
N.E.S.W. Junction or other definite point N.E.S.W.
NW corner of Section NW 1/4 Section 2, Township 17N, Range, 13E, Tulsa County.

The installation will be made in the following manner: Bore
(boring, pushing, cut slab, overhead crossing and other description)

Size of Line: 8" Size of Casing: 16" / .250 wall

Exhibit A is a part of this permit.

This permit is granted subject to the following conditions, requirements and covenants, to-wit:

1. Work to be performed on County right-of-way must be under the direction of the Tulsa county Engineer, who must be notified of the time when the work is to begin. Under no circumstances will any work be done on County right-of-way until approval of the Tulsa County Engineer has been obtained.
2. One copy of an approved permit must be kept at the work site for inspection by the Tulsa County Engineer or his representative. Applicant will be required to have an inspector or engineer present at all time during construction to insure that installation is made in accordance with plans.
3. The applicant must agree to hold the COUNTY harmless for any damage (s) or injury (ies) to any person(s) or property (ies) caused by or resulting directly or indirectly from the construction, maintenance, operation or repair of the facilities on, under, or over the County right-of-way and must further agree to reimburse the COUNTY for any repair of any damage to COUNTY facilities caused by the construction and/or operation of the applicant's facility.
4. All work on the County right-of-way is to be done in accordance with the current Standard Specifications for Highway Construction, Oklahoma State Highway Commission, and at the conclusion of such work the right-of-way must be cleaned up and left in a presentable condition. This will include replacing any protective grass cover destroyed by trenching or operation of equipment, and correcting any other damage that may have been caused, as directed by the COUNTY. The applicant shall require the contractor or whoever installs the facilities to deposit with the COUNTY a cashier's check, certified check, cash or bond which is to insure the cost to the COUNTY for restoring the area to its original state, if not restored by the installer. The minimum deposit or bond will be based on fifty cents per lineal foot paralleling the highway, two dollars per lineal foot for boring and five dollars per lineal foot for trenching when trenching is necessary. The measurement to determine the amount of deposit shall be measured along centerline of trench for paralleling roadway, and for boring or trenching the measured centerline of trench from right-of-way line to right-of-way line. After final inspection by the County Engineer's Office, and an additional period of ninety days, the deposit less any amount not used to restore the area shall be returned to the depositor.
5. The applicant must furnish all flagmen, lights, barricades, and warning signs deemed necessary by the COUNTY, during the construction maintenance, or repair of its facilities on the County right-of-way.
6. When notified to do so by the COUNTY, the applicant agrees to make all changes in the facilities on a County right-of-way at the applicant's own expense, unless otherwise provided by law or order of the COUNTY.
7. Clearance above the traffic lanes of the highway at all pole line crossings should comply with applicable safety codes, but will not be less than 20 feet at a temperature of 69 degrees Fahrenheit. All poles, posts, stubs, fixtures, down guys, wires, and other appurtenances must be kept in good repair at all times and must be free from weeds and brush within a 5-foot area no more than 4 feet inside the right-of-way line, unless otherwise approved by the COUNTY.
8. All underground crossing of the right-of-way must be encased from right-of-way line to right-of-way line at a minimum depth of 48 inches below the bottom of the surfacing, but not less than 30 inches below the bottom of the ditches, unless otherwise approved by the COUNTY.

All encased crossings must be sealed at both ends and vented outside of right-of-way line. The vents should be sized to allowed proper release of carrier pipe contents in case of failure. The minimum pipe size for vents is 2-inch nominal, and the vent must extend a minimum of 36 inches above natural ground level. The owner must install identification markers at each right-of-way line directly above the facility. Such markers may be attached to vents or to a right-of-way fence. The markers may be in the owner's standard design, but must identify the owner and size of the facility, and must be erected at a location plainly visible from within the highway right-of-way.

The casing must be designed to sustain roadway loadings, contain and divert from the roadway the contents of the carrier pipe, and to have a life expectancy equal to or greater than the carrier pipe.

Encasement for underground telephone and power lines, or similar facilities, should comply with the above except for the installation of vents, end seals, and the ability to contain and divert.

Steel pipelines crossing the right-of-way may be installed without encasement if the installation is in accordance with "Special Provisions for the Installation of Underground Pipelines...". This Special Provision stipulates in part that carrier pipe material within the right-of-way must be superior to the carrier pipe material outside the right-of-way by being of steel at least one grade better, or a minimum of one wall width thicker and the same alloy. Pipe must be 48 inches below the flow line of drainage ditches and all other highway drainage facilities, and must be properly protected from corrosion.

Nonpressurized facilities, such as sanitary sewer lines, crossing the highway right-of-way may be approved without the use of encasement, if cast iron or material of equal or better quality is used, with the understanding that maintenance will be performed by a method that will not disturb the through lanes or interfere with traffic.

All underground crossings must be installed by boring or pushing or other approved methods. The method and equipment for the installation must be approved by the COUNTY. Wet boring or jetting will not be permitted unless special approval is obtained from the COUNTY. If considered necessary, pressure grouting of the voids will be required. This will generally be required when the diameter of the bore exceeds the outside diameter of the pipe by two inches or more. In the interest of safety, trenching and the parking of equipment should be performed as far as possible from traffic lanes. In unusual cases where trenching is necessary, a special plan with specifications will be developed by the owner with assistance from the COUNTY, setting out the method for controlling the traffic, placement of the facility, and proper restoration of the roadway. This method must bear the recommendation of the COUNTY.

Parallel facilities must be installed no more than 4 feet inside the right-of-way line and buried a minimum depth of 30 inches below the ditch flow line. The ditch must be backfilled to a density equal to the adjacent soil, and approved by the COUNTY.

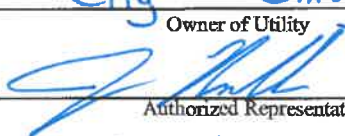

- 9. The applicant must agree to refrain from disturbing trees, shrubbery or any part of the landscape without approval of the COUNTY. If it becomes necessary to disturb trees or shrubbery, applicant intentions must be plainly stated in the application, which will include size and kind of trees and shrubs, and disposition during installation.
- 10. Blasting will not be permitted within the highway right-of-way except in unusual cases and only with special approval from the County Engineer.
- 11. The applicant must agree to hold the COUNTY harmless for any and all damage that the utility facilities might sustain while occupying County right-of-way.
- 12. Applicant assures that all necessary permits have been received from those governmental agencies from which approval is required by Federal or State law, including Section 404 of the Federal Water Pollution Control Act Amendments of 1973,33 V.S.C. 1334.

13. Contractor for this project Ashton Gray PFS, LLC , address 12350 Main Dr OKC, OK

This permit may be revoked for noncompliance.

TULSA COUNTY
BOARD OF COUNTY COMMISSIONERS

UTILITY PERMIT

NO. _____

TYPE OF INSTALLATION: Natural Gas Pipeline

This authority executed in the original and three copies this _____ day of _____, 20_____

By the Tulsa County Board of Commissioners, hereinafter called the "COUNTY", witnessed:

That the COUNTY does by these presents, grant to:

Applicant Oklahoma Natural Gas Company

Mailing Address 5848 E. 15th St.

City Tulsa State OK Zip 74112

A permit to erect, construct and maintain a natural gas pipeline along, upon or across the hereinafter described County Highway (s) for the purpose of transporting, selling, and using that portion of said County Highway (s) being shown on the attached drawing (s) and further described as follows:

To Cross N. 129th E. Ave. approximately 0.45 miles W. & 1.09
Cross or parallel County Highway name or number
miles S. of the US HWY 169 & ST HWY 20 and further described as 489 feet S. of the
N.E.S.W. Junction or other definite point N.E.S.W.
NE/NW corner of Section 32/33, Township 22N, Range, 14E, Tulsa County.

The installation will be made in the following manner: Boring
(boring, pushing, cut slab, overhead crossing and other description)

Size of Line: 2" Size of Casing: N/A

Exhibit A is a part of this permit.

This permit is granted subject to the following conditions, requirements and covenants, to-wit:

1. Work to be performed on County right-of-way must be under the direction of the Tulsa county Engineer, who must be notified of the time when the work is to begin. Under no circumstances will any work be done on County right-of-way until approval of the Tulsa County Engineer has been obtained.
2. One copy of an approved permit must be kept at the work site for inspection by the Tulsa County Engineer or his representative. Applicant will be required to have an inspector or engineer present at all time during construction to insure that installation is made in accordance with plans.
3. The applicant must agree to hold the COUNTY harmless for any damage (s) or injury (ies) to any person(s) or property (ies) caused by or resulting directly or indirectly from the construction, maintenance, operation or repair of the facilities on, under, or over the County right-of-way and must further agree to reimburse the COUNTY for any repair of any damage to COUNTY facilities caused by the construction and/or operation of the applicant's facility.
4. All work on the County right-of-way is to be done in accordance with the current Standard Specifications for Highway Construction, Oklahoma State Highway Commission, and at the conclusion of such work the right-of-way must be cleaned up and left in a presentable condition. This will include replacing any protective grass cover destroyed by trenching or operation of equipment, and correcting any other damage that may have been caused, as directed by the COUNTY. The applicant shall require the contractor or whoever installs the facilities to deposit with the COUNTY a cashier's check, certified check, cash or bond which is to insure the cost to the COUNTY for restoring the area to its original state, if not restored by the installer. The minimum deposit or bond will be based on fifty cents per lineal foot paralleling the highway, two dollars per lineal foot for boring and five dollars per lineal foot for trenching when trenching is necessary. The measurement to determine the amount of deposit shall be measured along centerline of trench for paralleling roadway, and for boring or trenching the measured centerline of trench from right-of-way line to right-of-way line. After final inspection by the County Engineer's Office, and an additional period of ninety days, the deposit less any amount not used to restore the area shall be returned to the depositor.
5. The applicant must furnish all flagmen, lights, barricades, and warning signs deemed necessary by the COUNTY, during the construction maintenance, or repair of its facilities on the County right-of-way.
6. When notified to do so by the COUNTY, the applicant agrees to make all changes in the facilities on a County right-of-way at the applicant's own expense, unless otherwise provided by law or order of the COUNTY.
7. Clearance above the traffic lanes of the highway at all pole line crossings should comply with applicable safety codes, but will not be less than 20 feet at a temperature of 69 degrees Fahrenheit. All poles, posts, stubs, fixtures, down guys, wires, and other appurtenances must be kept in good repair at all times and must be free from weeds and brush within a 5-foot area no more than 4 feet inside the right-of-way line, unless otherwise approved by the COUNTY.
8. All underground crossing of the right-of-way must be encased from right-of-way line to right-of-way line at a minimum depth of 48 inches below the bottom of the surfacing, but not less than 30 inches below the bottom of the ditches, unless otherwise approved by the COUNTY.

All encased crossings must be sealed at both ends and vented outside of right-of-way line. The vents should be sized to allowed proper release of carrier pipe contents in case of failure. The minimum pipe size for vents is 2-inch nominal, and the vent must extend a minimum of 36 inches above natural ground level. The owner must install identification markers at each right-of-way line directly above the facility. Such markers may be attached to vents or to a right-of-way fence. The markers may be in the owner's standard design, but must identify the owner and size of the facility, and must be erected at a location plainly visible from within the highway right-of-way.

The casing must be designed to sustain roadway loadings, contain and divert from the roadway the contents of the carrier pipe, and to have a life expectancy equal to or greater than the carrier pipe.

Encasement for underground telephone and power lines, or similar facilities, should comply with the above except for the installation of vents, end seals, and the ability to contain and divert.

Steel pipelines crossing the right-of-way may be installed without encasement if the installation is in accordance with "Special Provisions for the Installation of Underground Pipelines...". This Special Provision stipulates in part that carrier pipe material within the right-of-way must be superior to the carrier pipe material outside the right-of-way by being of steel at least one grade better, or a minimum of one wall width thicker and the same alloy. Pipe must be 48 inches below the flow line of drainage ditches and all other highway drainage facilities, and must be properly protected from corrosion.

Nonpressurized facilities, such as sanitary sewer lines, crossing the highway right-of-way may be approved without the use of encasement, if cast iron or material of equal or better quality is used, with the understanding that maintenance will be performed by a method that will not disturb the through lanes or interfere with traffic.

All underground crossings must be installed by boring or pushing or other approved methods. The method and equipment for the installation must be approved by the COUNTY. Wet boring or jetting will not be permitted unless special approval is obtained from the COUNTY. If considered necessary, pressure grouting of the voids will be required. This will generally be required when the diameter of the bore exceeds the outside diameter of the pipe by two inches or more. In the interest of safety, trenching and the parking of equipment should be performed as far as possible from traffic lanes. In unusual cases where trenching is necessary, a special plan with specifications will be developed by the owner with assistance from the COUNTY, setting out the method for controlling the traffic, placement of the facility, and proper restoration of the roadway. This method must bear the recommendation of the COUNTY.

Parallel facilities must be installed no more than 4 feet inside the right-of-way line and buried a minimum depth of 30 inches below the ditch flow line. The ditch must be backfilled to a density equal to the adjacent soil, and approved by the COUNTY.

- 9. The applicant must agree to refrain from disturbing trees, shrubbery or any part of the landscape without approval of the COUNTY. If it becomes necessary to disturb trees or shrubbery, applicant intentions must be plainly stated in the application, which will include size and kind of trees and shrubs, and disposition during installation.
- 10. Blasting will not be permitted within the highway right-of-way except in unusual cases and only with special approval from the County Engineer.
- 11. The applicant must agree to hold the COUNTY harmless for any and all damage that the utility facilities might sustain while occupying County right-of-way.
- 12. Applicant assures that all necessary permits have been received from those governmental agencies from which approval is required by Federal or State law, including Section 404 of the Federal Water Pollution Control Act Amendments of 1973,33 V.S.C. 1334.

13. Contractor for this project B&H Construction – 405.288.2412 , address 301 James Dean Dr., Norman, OK 73072

This permit may be revoked for noncompliance.

The minimum deposit or bond will be based on fifty cents per lineal foot paralleling the highway, two dollars per lineal foot for boring and five dollars per lineal foot for trenching when trenching is necessary. The measurement to determine the amount of deposit shall be measured along centerline of trench for paralleling roadway, and for boring or trenching the measured centerline of trench from right-of-way line to right-of-way line. After final inspection by the County Engineer's Office, and an additional period of ninety days, the deposit less any amount not used to restore the area shall be returned to the depositor.
5. The applicant must furnish all flagmen, lights, barricades, and warning signs deemed necessary by the COUNTY, during the construction maintenance, or repair of its facilities on the County right-of-way.
6. When notified to do so by the COUNTY, the applicant agrees to make all changes in the facilities on a County right-of-way at the applicant's own expense, unless otherwise provided by law or order of the COUNTY.
7. Clearance above the traffic lanes of the highway at all pole line crossings should comply with applicable safety codes, but will not be less than 20 feet at a temperature of 69 degrees Fahrenheit. All poles, posts, stubs, fixtures, down guys, wires, and other appurtenances must be kept in good repair at all times and must be free from weeds and brush within a 5-foot area no more than 4 feet inside the right-of-way line, unless otherwise approved by the COUNTY.
8. All underground crossing of the right-of-way must be encased from right-of-way line to right-of-way line at a minimum depth of 48 inches below the bottom of the surfacing, but not less than 30 inches below the bottom of the ditches, unless otherwise approved by the COUNTY.

All encased crossings must be sealed at both ends and vented outside of right-of-way line. The vents should be sized to allowed proper release of carrier pipe contents in case of failure. The minimum pipe size for vents is 2-inch nominal, and the vent must extend a minimum of 36 inches above natural ground level. The owner must install identification markers at each right-of-way line directly above the facility. Such markers may be attached to vents or to a right-of-way fence. The markers may be in the owner's standard design, but must identify the owner and size of the facility, and must be erected at a location plainly visible from within the highway right-of-way.

The casing must be designed to sustain roadway loadings, contain and divert from the roadway the contents of the carrier pipe, and to have a life expectancy equal to or greater than the carrier pipe.

Encasement for underground telephone and power lines, or similar facilities, should comply with the above except for the installation of vents, end seals, and the ability to contain and divert.

Steel pipelines crossing the right-of-way may be installed without encasement if the installation is in accordance with "Special Provisions for the Installation of Underground Pipelines...". This Special Provision stipulates in part that carrier pipe material within the right-of-way must be superior to the carrier pipe material outside the right-of-way by being of steel at least one grade better, or a minimum of one wall width thicker and the same alloy. Pipe must be 48 inches below the flow line of drainage ditches and all other highway drainage facilities, and must be properly protected from corrosion.

Nonpressurized facilities, such as sanitary sewer lines, crossing the highway right-of-way may be approved without the use of encasement, if cast iron or material of equal or better quality is used, with the understanding that maintenance will be performed by a method that will not disturb the through lanes or interfere with traffic.

All underground crossings must be installed by boring or pushing or other approved methods. The method and equipment for the installation must be approved by the COUNTY. Wet boring or jetting will not be permitted unless special approval is obtained from the COUNTY. If considered necessary, pressure grouting of the voids will be required. This will generally be required when the diameter of the bore exceeds the outside diameter of the pipe by two inches or more. In the interest of safety, trenching and the parking of equipment should be performed as far as possible from traffic lanes. In unusual cases where trenching is necessary, a special plan with specifications will be developed by the owner with assistance from the COUNTY, setting out the method for controlling the traffic, placement of the facility, and proper restoration of the roadway. This method must bear the recommendation of the COUNTY.

Parallel facilities must be installed no more than 4 feet inside the right-of-way line and buried a minimum depth of 30 inches below the ditch flow line. The ditch must be backfilled to a density equal to the adjacent soil, and approved by the COUNTY.

- 9. The applicant must agree to refrain from disturbing trees, shrubbery or any part of the landscape without approval of the COUNTY. If it becomes necessary to disturb trees or shrubbery, applicant intentions must be plainly stated in the application, which will include size and kind of trees and shrubs, and disposition during installation.
- 10. Blasting will not be permitted within the highway right-of-way except in unusual cases and only with special approval from the County Engineer.
- 11. The applicant must agree to hold the COUNTY harmless for any and all damage that the utility facilities might sustain while occupying County right-of-way.
- 12. Applicant assures that all necessary permits have been received from those governmental agencies from which approval is required by Federal or State law, including Section 404 of the Federal Water Pollution Control Act Amendments of 1973,33 V.S.C. 1334.
- 13. Contractor for this project B&H Construction – 405.288.2412 , address 301 James Dean Dr., Norman, OK 73072

This permit may be revoked for noncompliance.

Accepted this 26th day of June , 20 19 .

2019 Oklahoma Safety & Health Conference and Expo

July 11, Renaissance Oklahoma City Convention Center Hotel

Mission: Safety #SafelyGo

Welcome to the 2019 Oklahoma Safety & Health Conference (OSHC)! Thank you for joining the Oklahoma Safety Council (OSC) and the Oklahoma Department of Labor (ODOL) at the largest premier safety and health conference in Oklahoma. This year's

theme, **Mission: Safety #SafelyGo** highlights the practices and measures that companies and professionals need to take to ensure everyone makes it home safely each day.

For over 50 years, the OSHC has provided a unique opportunity for safety and health professionals to share best practices, resources and experiences with colleagues and to discuss views and concerns with a wide range of stakeholders.

Please join us to learn, be inspired and network with your peers. This conference is well worth your time and investment. We look forward to seeing you in Oklahoma City!

REALTY COMPANY

June 11, 2019

Tulsa City County Health Department
8120 E. 126th Street
Bixby, Oklahoma 74008

Re: Letter Agreement for Lease Renewal
8120 E. 126th Street, Bixby, Oklahoma
Tenant - Tulsa City County Health Department
Landlord - JKJ Cornerstone, LLC

Tulsa City County Health Department Representative:

The purpose of this letter is to set forth the terms and conditions of the renewal of the existing Standard Lease For 126 Shopping Center, by and between JKJ Cornerstone, L.L.C. and Tulsa City County Health Department, as Tenant, dated December 27, 2004, for an initial lease term commencing February 1, 2005 and ending January 31, 2006, and renewals as follows:

- 12 months commencing February 1, 2006 and terminating on January 31, 2007,
- 12 months commencing February 1, 2007 and terminating January 31, 2008,
- 12 months commencing February 1, 2008 and terminating January 31, 2009,
- 12 months commencing February 1, 2009 and terminating January 31, 2010,
- 12 months commencing February 1, 2010 and terminating January 31, 2011,
- 12 months commencing February 1, 2011 and terminating January 31, 2012,
- 12 months commencing February 1, 2012 and terminating January 31, 2013,
- 6 months commencing February 1, 2013 and terminating July 31, 2013,
- 6 months commencing August 1, 2013 and terminating January 31, 2014,
- 5 months commencing February 1, 2014 and terminating June 30, 2014,
- 12 months commencing July 1, 2014 and terminating June 30, 2015,
- 12 months commencing July 1, 2015 and terminating June 30, 2016,
- 12 months commencing July 1, 2016 and terminating June 30, 2017,
- 12 months commencing July 1, 2018 and terminating June 30, 2019,

and now a renewal term of twelve (12) months commencing July 1, 2019 and terminating June 30, 2020.

1. **Rent:**

The square feet of the Leased Premises is stipulated to be 1,265 square feet.

The Rent for the renewal term is as follows:

From July 1, 2019 through June 30, 2020, \$1,200.00 per month/\$14,400.00 for this period.

A handwritten signature in black ink, located in the bottom right corner of the page.

Rent shall be mailed to:

JKJ Cornerstone, L.L.C.
7910 South 101st East Avenue
Tulsa, Oklahoma 74133

2. **Renewal Option:**

Provided that Tenant is in good standing under this Lease and this Lease is in full force and effect and shall not previously been terminated and that Tenant shall not be in default under any of the terms or conditions hereof, Tenant shall have the option to extend the term of this Lease, upon ninety (90) days' written notice to the Landlord of the exercise of such option prior to the expiration of this renewal Lease term, for two (2) additional terms of one (1) year each to commence upon the expiration of this renewal term hereof, upon the same terms and conditions, and except there are no additional renewal terms thereof.

As used herein, the word "term" shall include the original Lease term and any renewal term of such Lease.

All other terms and conditions of the existing lease shall remain in full force and effect as a part of this renewal agreement.

If this meets with your full understanding and approval, please indicate the same with your signature in the space provided below, keeping one copy and returning all other originals to my office for signature by the Landlord. We will return a fully executed original to your office.

As always, we appreciate your continued presence in the 126 Shopping Center.

Sincerely,

JKJ Realty Company

RE: *Marko Bigit-Alvarenga*, Workers' Compensation Court No. CM-18-04686K

On behalf of Jay McAtee, I am requesting that the above matter be set for Executive Session at the regular meeting of the Board of County Commissioners on Monday, July 8, 2019. Pursuant to 25 O.S. § 307(B)(4), I am requesting this matter be discussed in Executive Session between the Board and its attorney, Jay McAtee, for the purpose of confidential communications concerning a pending claim, to-wit: *Marko Bigit-Alvarenga*, Workers' Compensation Court No. CM-18-04686K, disclosure of the details of which its attorney advises would seriously impair the ability of the Board to proceed in the public interest. Also, please place an item on the agenda out of Executive Session for discussion and/or possible action.

Thank you,

Nicholas C. Williams
Assistant District Attorney
