PREFACE

The Board of County Commissioners of Tulsa County, by Resolution and pursuant to law, established the Retirement System for Tulsa County Employees. The initial Resolution was adopted on June 7, 1965, followed by an organizational meeting on July 14, 1965.

From time to time, as required by changes in the statutes or changes in the policies of the Board of County Commissioners or the Retirement Board, resolutions have been adopted by either, or both.

In 2010, the Retirement Board commenced a project to update and compile these policies and resolutions into an efficient, comprehensive Policy and Procedure Manual. The Manual consists of four (4) Chapters: The Board of Trustees of the Employees’ Retirement System of Tulsa County, Administration of the Employees’ Retirement System of Tulsa County, Financial and Investment Provisions for the Employees’ Retirement System of Tulsa County, and Benefits and Plan Provisions for the Employees’ Retirement System of Tulsa County. Each Chapter is divided into Sections. There are also five Appendixes for use in connection with this Manual.

This Policy and Procedure Manual may be updated and amended as necessary. All such amendments will be made by Resolution, recommended by the Retirement Board and adopted by the Board of County Commissioners, and noted in the Source notes for each section.

The policies and procedures contained in this Manual, along with the relevant statutes of the State of Oklahoma constitute the plan provisions for the Employees’ Retirement System of Tulsa County.

The Retirement Board believe that the Retirement System's assets should be managed in a fashion that reflects its unique liabilities and funding resources, incorporating accepted investment theory and reliable, empirical evidence. Specifically, the Retirement Board has adopted the following principles:

A. that asset allocation is the key determinant of return and, therefore, commitments to asset allocation targets will be maintained through a disciplined rebalancing program.

B. that diversification, both by and within asset classes, is the primary risk control element.

C. that the pursuit of returns in excess of risk-free alternatives entails distinct probability of disappointing results over one-year periods.

D. that passive alternatives (index funds) to actively managed portfolios are suitable investment strategies, especially in highly efficient markets.

It is understood that there are likely to be short-term periods during which performance deviates from market indices. During such times, greater emphasis shall be placed on performance comparisons with managers employing similar styles.

[Source: 19 O. S. § 953.1A; Adopted by Resolution 6-20-2011]

3.9 STANDARDS OF MEASUREMENT
In consideration of these evaluation and review policies, multiple standards will be used to compare and evaluate actual performance of investment managers, asset classes and the total fund. In each case, actual performance will be measured vis-à-vis three standards: (1) an investible, widely recognized, style related index or blend of indexes; (2) a suitable peer group comprised of similar portfolios; and (3) a real return objective.

Specifically, the following guidelines shall apply with respect to Commission Recapture:
A. Contracts between the Retirement Board and its vendors shall not be paid on a Soft Dollar basis.
B. Relationships for Commission Recapture will be between the Retirement Board and various brokerage firms.
C. All Commission Recapture credits shall be returned directly to the Retirement System on a monthly basis by the brokerage houses which have Commission Recapture contracts with the Retirement Board.
D. No investment manager is directed to trade with any particular brokerage firm.
E. Each investment manager shall attempt to reach its individual directed trade target, which shall be generally expressed as a percentage of its trades. Each manager’s target shall be specified in its investment agreement.
F. Each manager shall report to the Retirement Board on a monthly basis a summary of all transactions and a list of all transactions that were executed through the Retirement Board’s Commission Recapture vendors.
G. Investment Managers are prohibited from directing trades through any independent fiduciary to the Retirement System or its subsidiary or affiliates as a broker/dealer. A list of fiduciaries will be furnished by the Retirement Board to the Investment Managers at a minimum on an annual basis.

SECTION 5 – PROXY VOTING

5.1 PROXY VOTING
The Retirement Board is mindful of its fiduciary obligation with respect to the voting of proxies of companies whose securities are owned by the Retirement System. Because of the complexity of issues and further because of the direct impact on investment values, it is the Retirement Board’s considered belief that the Investment Managers that are employed by the Retirement System are best suited to vote the proxies of shares held in the portfolios they manage. Therefore, as part of this Statement of Policy Guidelines and Investment Objectives, the Retirement Board is instructing their Investment Managers to vote proxies of companies in accordance with the Proxy Voting guidelines attached hereto. There are two major categories of proxy issues: Routine Matters and Business Matters.

[Source: 19 O. S. § 953.1A; Adopted by Resolution 6-20-2011]

5.2 ROUTINE PROXY MATTERS
Routine proxy proposals should be voted in support of company proposals unless there is a clear reason not to do so. Routine matters include:

A. Election of directors,
B. Size of board,
C. Corporate name change,
D. Appointment of auditor,
E. Stock split,
F. Amendment of Articles of Incorporation that are required to comply with Federal or State regulation, and
G. Changing date, time or location of annual meeting.

[Source: 19 O. S. § 953.1A; Adopted by Resolution 6-20-2011]

5.3 BUSINESS PROXY MATTERS
Business proposals which do not eliminate the rights of shareholders and especially minority shareholders, the status of securities held or ownership status of the securities may be voted with management. However, these issues should not be treated as routine, but should be carefully analyzed. Business proposals which are non-routine and which would impair or might impair the economic interests of shareholders should be voted against management. Examples of such proposals are:

A. Request to alter by-laws to require a super majority to approve mergers.
B. Anti-takeover proposals which could restrict tender offers and/or which could deny majority owners from exercising judgment.
C. Proposals to dilute existing shares by issuing substantially more stock without adequate explanation by management.
D. Proposals that would enrich management excessively, or would substantially increase compensation awards and/or employment contracts to senior management which
become effective upon change in ownership of the company a.k.a. "golden parachute" awards.

On all other matters, the Investment Manager should vote proxies in accordance with their own guidelines and policies to the best interests of the Fund participants and beneficiaries.

[Source: 19 O. S. § 953.1A; Adopted by Resolution 6-20-2011]

5.4 PROXY REPORT REQUIREMENTS

The Investment Managers are required to supply the Retirement Board with a list of the shares of securities voted, the issues involved and the votes made. Each investment manager will furnish this list in their quarterly reports. Reporting of votes on Routine Matters is not required.

SECTION 6 – AUDIT POLICY

6.1 AUDIT STANDARDS
A. Except as otherwise provided by law, the Retirement System shall have an audit conducted in accordance with auditing standards generally accepted in the United States of America and Government Auditing Standards at least every five years. Copies of any audit, performance audit, agreed-upon-procedures report, or other attestation engagement report produced by a person other than the State Auditor shall be filed with Tulsa County Clerk and the Board of County Commissioners. The expense of the audit shall be paid by the Retirement System.
B. All registrants, as defined in the Oklahoma Accountancy Act, before entering into audit contracts required under this section, shall certify that such registrant meets Government Auditing Standards and has a current permit to practice issued by the Oklahoma Accountancy Board.
C. Any audits conducted shall be in a form consistent with the guidance in the most recent audit guide for state and local governments prepared by "The American Institute of Certified Public Accountants".

CHAPTER IV.

BENEFITS AND PLAN PROVISIONS FOR THE EMPLOYEES’ RETIREMENT SYSTEM OF TULSA COUNTY
SECTION 1 – ESTABLISHMENT OF BENEFITS

1.1 AUTHORIZATION OF RETIREMENT SYSTEM
A. The Board of County Commissioners of Tulsa County is authorized to provide by resolution for the Retirement System as delayed compensation in order to encourage continuity of dedicated service on the part of Tulsa County employees and thereby promote public efficiency, and to provide retirement allowances and other benefits for such employees, their surviving spouses and surviving children; such fund to be supported by joint contributions by such county and the employees to be benefited.
B. The Retirement System established by the Board of County Commissioners has provided the following plan provisions, by resolution, which are necessary to accomplish the purposes for which it was created.

[Source: 19 O.S. §§ 951, 958; adopted by Resolution 6-20-2011]

1.2 RETIREMENT SYSTEM PROVISIONS
The Retirement System provides, among other things, for:
A. the qualifications of the persons eligible for retirement benefits;
B. the minimum age for retirement of employees;
C. the limitations of amounts to be paid to persons eligible for retirement benefits;
D. the amount of contributions to be made by the county and the amount to be made by the employees; and
E. the plan provisions set forth in this Chapter IV, which are necessary for the proper regulation of the retirement fund and system.

[Source: 19 O.S. §952; adopted by Resolution 6-20-2011]

1.3 PLAN AMENDMENTS
A. The Board of County Commissioners and the Retirement Board shall not adopt any plan amendment or otherwise modify the plan provisions of the Retirement System in any manner that would result in an increase in the unfunded actuarial accrued liability of the retirement plan.
B. For purposes of this Section, "unfunded actuarial accrued liability" means the excess of the actuarial accrued liability over the actuarial value of assets.
C. The Board of County Commissioners and the Retirement Board may adopt a plan amendment or other modification that increases retirement benefits or that would otherwise increase the unfunded actuarial accrued liability of the retirement plan if the county provides concurrent funding for the plan amendment or other proposed plan modification.
D. For purposes of this Section, "concurrent funding" means an increase in employer contributions, employee contributions, apportioned tax revenues or other assets transferred to the Retirement System to offset any increase in unfunded actuarial accrued liability of the plan.
E. Before the Board of County Commissioners and the Retirement Board adopts a plan amendment or other plan modification which could have a financial impact upon the actuarial liability of the system, the proposed plan amendment or other plan modification shall be reviewed by the actuary selected by the Retirement Board pursuant to Section 1.4 of Chapter III.
of this Manual. The actuary shall prepare an impact statement with respect to the proposed plan amendment or other plan modification and shall provide the impact statement to the Retirement Board and to the Tulsa County Clerk.

F. If the impact statement prepared by the actuary determines that the proposed plan amendment or other plan modification would increase the unfunded actuarial accrued liability of the Retirement System, the Board of County Commissioners and the Retirement Board shall not adopt or implement the amendment or other modification unless concurrent funding is established.

SECTION 2 - TAX STATUS

2.1 DETERMINATION LETTERS
A. Retirement plans of taxable enterprises must obtain favorable determination letters from the U. S. Internal Revenue Service (IRS) as to the tax-exempt status of their plans for the contributions to their plans to be deductible for federal income tax purposes. Because Tulsa County is already tax-exempt, such a determination letter for this purpose is not required.
B. Tulsa County may, from time to time, consider obtaining an IRS determination letter. This would confirm that contributions to the plan will not be considered taxable income for members.
C. A determination letter could also allow the Plan to receive refunds of taxes withheld by foreign governments on interest and dividends received from foreign investments. Until recently, the Retirement System has had no foreign tax withheld. However, since the Retirement System has equity investments in separately managed accounts, it now has foreign tax withheld from dividends from foreign based companies that have stock listed on U. S. exchanges. Because of this foreign tax exposure, the Retirement Board shall periodically review the cost and benefits of applying for an IRS determination letter and take appropriate action.

2.2 QUALIFIED PLAN
A. The Board of County Commissioners and the Retirement Board operate the Retirement System in compliance with the plan provisions, the Oklahoma State statutes, primarily Chapter 25 of Title 19, and with all applicable provisions of the IRS.

C. The Retirement System is a governmental plan and is exempt from regulation under the federal Employee Retirement Income Security Act of 1974 (ERISA).
D. The Board of County Commissioners shall be authorized to adopt Resolutions, as recommended by the Retirement Board, which may be appropriate or necessary to maintain the qualified status of the Plan.

The new employing entity must pay to the Retirement System all required contributions. On and after October 1, 2012, any eligible county employee who incurs a job transfer to another entity or state agency shall not be eligible for the special arrangement under this section and shall be subject to the same distribution provisions effective for any county employee who incurs a termination of employment pursuant to Section 5 or Section 9 of this Chapter, as applicable.

F. Early retirement benefits elected by a vested employee as provided in Section 10.2 of this Chapter will be calculated with a reduced benefit based on the specific percentage reduction table provided by the actuary.

10.2 CALCULATING "THREE HIGHEST YEARS" OF PAY
A. For purposes of this Section and the calculation of the three highest years of pay, a year is defined as a 12 continuous month period.
B. Base payroll earnings do not include overtime, compensatory time, payments for unused personal leave time, expense allowances, bonuses, or other similar forms of compensation.
C. The highest 12 continuous months of base pay is determined first, followed by the second highest 12 continuous months of base pay and then the third highest 12 continuous months of base pay.
D. Each of these three 12 month yearly units need not be contiguous to each other.
E. The highest 3 years are then averaged and the retirement benefit is calculated on this averaged amount.
F. No given month may be used more than once in this calculation.

[Source: Adopted by Resolution 6-20-2011; supersedes: #19]

10.3 EARLY RETIREMENT
A. An eligible member who is vested with at least five (5) years of credited service may elect to retire and begin receiving benefits as early as age 55. The benefit amount is the amount that would have been received at age 62, reduced by a percentage factor provided by the Retirement System's actuary.
B. Former employees who were receiving disability retirement, but who are no longer disabled, and surviving spouses who are otherwise eligible to receive retirement benefits are also eligible to elect early retirement.

C. The actuary selected by the Retirement Board pursuant to Section 1.4 of Chapter III of this Manual shall establish the percentage factors in the form of a table, with a factor for each month of early retirement prior to age 62. The actuary shall calculate these factors based upon the assumption that the early retirement will be cost neutral to the Retirement System. The current early retirement reduction factor table will be adopted by the Retirement Board upon recommendation of the actuary and will be updated periodically as needed. The table is available from the County Clerk's Office.

10.4 SURVIVING SPOUSE RETIREMENT BENEFITS
A. Beginning the month following a retiree's death, the surviving spouse beneficiary is entitled to receive the surviving spouse benefit. This benefit is an amount equal to sixty-six and two-thirds percent (66 2/3%) of the member's benefit for members who retired before November 1, 2000 or seventy percent (70%) of the member's benefit for any spouse who becomes eligible for surviving spouse benefits on or after November 1, 2000 or sixty-seven percent (67%) of the member's benefit if the member was not vested as of June 30, 2010 or hired after June 30, 2010, payable for the remainder of the natural life of said surviving spouse. This benefit is provided only to the current spouse of said retiree at the date of his death. It is the responsibility of the surviving spouse to notify the County Clerk's Office of the retiree's death.
B. Regardless of age at time of death, if an employee has not retired but met the eligibility for the "Rule of 80," the employee's surviving spouse will be eligible to receive the spouse
benefit to which he or she would be entitled, provided the spouse makes timely application to the County Clerk's Office pursuant to Section 12 of this Chapter.

C. In case of the death of a vested member, any option for retirement benefits which were available to the deceased employee would be available to the surviving spouse; provided the spouse makes timely application to the County Clerk's Office pursuant to Section 12 of this Chapter.

D. All surviving spouse benefits will begin after the notification of the death and after the surviving spouse makes timely application pursuant to Section 12 of this Chapter. No retroactive benefits will be paid to any surviving spouse.

E. Surviving spouse will be determined pursuant to the provisions of Subsection 15.4 of this Chapter.

11.3 ESTABLISHING A WORK-RELATED, PERMANENT DISABILITY
A. A disabled employee must submit an application accompanied by a complete medical report on the status of the applicant’s medical condition, in the form approved by the Retirement Board of the Retirement System.
B. The disability application must support the claim of a total and permanent disability resulting from the employee’s performance of his work-related duty. The Human Resources Department will make an initial report including a determination of whether the disability is work-related. The Retirement Board will consider the report of the Human Resources Department as evidence in reaching its decision as to whether an employee’s disability is work-related.
C. The application shall be accompanied by a written statement from the employee’s supervisor classifying the condition and the cause.
D. The application shall also be accompanied by a written statement from a physician licensed to practice in the State of Oklahoma and selected by the applicant, at his expense, which shows that, in the opinion of said physician, such disability is total and permanent in its nature.
E. The Retirement Board may, if it so desires, appoint a physician of its own choosing to examine the employee and the employee shall consent to said examination as a condition of this application process. If after such examination, the said two (2) physicians were divided in their opinion, the Board of Trustees shall appoint a third physician to examine the employee and the employee shall consent to such an examination as a condition of this application process. The Retirement System shall be responsible for the costs of the second and third physician’s examination.
F. Ultimately, the question of eligibility by reason of total permanent disability resulting from the performance of work-related duty shall be determined by the Retirement Board after taking into consideration the written opinions of all examining physicians. The Retirement Board’s determination shall be final.
G. The Retirement Board has the complete discretion to waive the provisions of this Section by proper motion, duly carried, on a case by case basis as the Board deems fit.
H. The provisions of this Section shall not be construed to require physical examinations at each or any annual review of disability retirees by the Retirement Board.

11.4 RECEIPT AND CONTINUATION OF DISABILITY BENEFITS:
A. Upon a determination by the Retirement Board that a County employee, participating in the Retirement System, is eligible to receive disability retirement benefits, the Retirement Board shall not act on any subsequent application by said employee for additional benefits from the
Retirement System, except as provided in subsection C. below. No employee of Tulsa County, participating in the Retirement System, shall be eligible to participate in more than one (1) retirement program with said Retirement System.

B. Upon a determination by the Retirement Board that the employee is no longer totally and permanently disabled from such disability, the Retirement Board shall terminate the payment of disability retirement benefits. If disability retirement benefits are terminated due to a cessation of disability or recovery, the retirement benefit will resume when the retiree reaches the age of 62, at the same monetary level as the terminated disability benefit. The employee may elect to draw a retirement benefit as early as age 55 at the same monetary level as the terminated disability benefit, reduced by using the percentage provided by the actuary under the early retirement provisions set forth in Section 10.3 of this Chapter.

C. If the disabled employee recovers, the disability benefit is terminated and if the employee returns to work for Tulsa County, any additional credited service earned working will be added to the employee’s prior service credit already earned. Upon the employee’s subsequent normal or regular retirement, the employee will receive the full retirement benefit to which he is entitled by his age and service credits.

D. When a retiree receiving disability benefits reaches the age of 62, the annual medical evaluation will no longer be required.

E. While an employee is receiving a disability retirement basis, the benefit is frozen; however, the disability retiree is eligible to receive Board authorized increases, if any are granted.

F. The maximum the disabled employee may receive, as a retirement benefit is the amount he receives at the time of his disability retirement, plus any applicable Board authorized increases. There will be no increase at the age of 62 years.

[Source: Adopted by Resolution 6-20-2011; supersedes: #02, 15]

11.5 ANNUAL REVIEW OF DISABILITY

A. A review of all disability retirees is conducted by the Retirement Board each August and every disability retiree must submit medical proof of continued disability at that time.

B. This proof must be submitted by a licensed physician approved by the Retirement Board and the cost of obtaining such medical report is to be borne by the retiree.

C. Based upon this annual review of the employee’s disability, if it is determined that the employee remains totally and permanently disabled, the Retirement Board shall reaffirm, without change for another year, the disability retirement previously granted.

D. After the disabled retiree reaches the age of 62 years, there is no longer the requirement for submission of medical proof of continued disability.

SECTION 12 – RETIREMENT PROCEDURE

12.1 APPL YING FOR RETIREMENT
A. Written application, on the appropriate form approved by the Retirement Board for each type of retirement, is to be submitted to and processed through the County Clerk’s Office. The application for retirement must be submitted at least 15 days prior to the effective date of retirement to allow ample time for the processing of all documents, unless waived by the Retirement Board for good cause shown. In any event, the retirement will not be effective until an appropriate written application is submitted and no retroactive benefits can be paid.
B. The retiring employee shall be required to provide proof of birth by submitting a birth document, a social security card, and voided check. If the member is married, he or she will be required to provide a marriage license or proof of common law marriage and the spouse’s birth certificate and social security card. Proof of a valid common-law marriage requires a court order deeming said common-law marriage to be in effect and the date upon which the common-law marriage was established.
C. Once an employee notifies the Retirement System of the intent to retire, and said application has been approved, any funds paid into the Retirement System by said employee may not be withdrawn or removed, except as provided in Section 15 of this Chapter in the event of death of a retiree and/or surviving spouse prior to receipt of all of the retiree’s contributed funds in the Retirement System.

[Source: Adopted by Resolution 6-20-2011; supersedes: #02]

12.2 IRREVOCABLE ELECTION TO RETIRE
Once the Retirement Board has approved the retirement application, the election becomes irrevocable. In no event will a retiree be allowed to revoke his retirement or to make changes to the type of benefit or the effective date of retirement after the issuance of any retirement benefit, whether by direct deposit or by check.

[Source: Adopted by Resolution 6-20-2011]

12.3 WAIVER OF RETIREMENT BENEFITS
If an employee has withdrawn his or her contributions, said employee will be considered to have completely waived any right he or she might have to any retirement benefits. After the employee elects to receive retirement benefits, he or she no longer has the right to withdraw his contributions.

[Source: Adopted by Resolution 6-20-2011; supersedes: #02]
12.4 PAYMENT OF RETIREMENT BENEFITS
All retirements are effective on the first day of the selected month. Retirement benefits are paid on the last working day of the month, except that December benefits are paid the last working day before the Christmas holiday.

[Source: Adopted by Resolution 6-20-2011]

12.5 MANNER OF PAYMENT
A. For members retiring prior to Jan. 1, 2010, retirement benefits will be paid by mailing the benefit check to the retiree's last known address unless the retiree elects to pick up the check each month or elects direct deposit. Checks are mailed on the next to the last working day of the month.
B. A retiree who retired prior to Jan. 1, 2010 may elect to personally pick the retirement check up each month. The benefit check will be available to be picked up at the Tulsa County Clerk's Office on the last working day of the month. The check will only be released to the retiree upon presentation of appropriate identification.
C. A retiree may elect to have the benefit check deposited directly to the retiree's bank, credit union or other financial institution. The retiree must file all of the appropriate documents and forms at least one month prior to the desired deposit date. Direct deposits are made on the last working day of the month.
D. Effective Jan. 1, 2010, all new retirees and surviving spouses shall be required to receive direct deposit of the monthly benefit payments via ACH to a banking or financial institution physically located and operating in the United States of America and participating in the NACHA ACH network, designated by the retiree or surviving spouse. The retiree, surviving spouse or the receiving financial institution must complete the form prescribed for this purpose by the County Clerk. In the event the direct deposit or electronic fund transfer creates an undue hardship on the retiree or surviving spouse, the retiree or surviving spouse may make application to the County Clerk to request a waiver of this requirement. The waiver will be granted only upon good cause shown when it is determined to be in the best interest of the member or annuitant. The County Clerk, at his or her sole discretion, may also waive this requirement when it is necessary in the best interest of the Retirement System to do so.
E. A retired member or surviving spouse who is receiving benefits from the System may choose to make a donation to a charitable organization or elect certain eligible products, such as health insurance that will be automatically deducted from his or her monthly benefit, provided the benefit amount is sufficient to allow the entire deduction considering any previously existing deductions. No partial deductions are permitted. The allowance of benefit deductions does not under any circumstances constitute an endorsement for any particular product or organization.

SECTION 13 - RETURN TO WORK AFTER RETIREMENT

13.1 CEASING WORK UPON RETIREMENT
To be eligible for retirement benefits, the employee’s service with Tulsa County must have ceased. Employees may receive only one check from the County; therefore, an employee who is receiving a retirement benefit check from the Retirement System is ineligible to work and receive an additional payroll check from the County, except as otherwise provided in this Section.

[Source: Adopted by Resolution 6-20-2011; supersedes: #02]

13.2 SUSPENSION OF BENEFITS
A. A retired member who is receiving a retirement benefit check from the Retirement System may return to work as a full-time County employee after the first full month of retirement, but during his time of re-employment his retirement benefits will be suspended and not paid to him. Such a re-employed retiree shall again become a participating member of the Retirement System and be eligible for additional service credit. The retirement benefit will be recalculated upon application for the second retirement.

B. A retired member who is receiving retirement benefits may return to work for the County and continue receiving his or her retirement benefit if the member is employed as a part-time, as defined in the Tulsa County employee handbook, employee after the first full month of retirement or as a contract worker, pursuant to the Internal Revenue Service rules defining a Contract worker. Such a retired member is not eligible to earn service credit in the Retirement System so the retired member will receive no further service credit while being employed as a part-time employee or contract worker.

SECTION 14 – ATTACHMENT OF RETIREMENT BENEFITS

14.1 ATTACHMENT OF RETIREMENT BENEFITS
Except as otherwise provided in this Section and except for child support or IRS levies, sums of money due or to become due to any employee or retired employee shall not be liable to attachment, garnishment, levy, or seizure in any manner under any legal or equitable process, whether such sums remain in the hands of the treasurer of the retirement system or of any official or agent of the board of trustees of any retirement system, or are in the course of transmission to the employee or retired employee entitled thereto, but shall inure wholly to the benefit of such employee or retired employee.

14.2 QUALIFIED DOMESTIC RELATIONS ORDERS
A. The provisions of Section 14.1 of this Chapter shall not apply to qualified domestic relations order as provided in this Section.
B. The term "qualified domestic relations order" or QDRO, means an order issued by a district court of this state, pursuant to the domestic relations laws of the State of Oklahoma, which relates to the provision of marital property rights to a spouse or former spouse of a member of the Retirement System, or to the provision of support for a minor child or children, and which creates or recognizes the existence of the right of an alternate payee, or assigns to an alternate payee the right, to receive a portion of the benefits payable with respect to a member of the Retirement System.
C. For purposes of the payment of marital property, to qualify as an alternate payee, a spouse or former spouse must have been married to the related member for a period of not less than thirty (30) continuous months immediately preceding the commencement of the proceedings from which the QDRO issues.
D. A QDRO is valid and binding on the Retirement Board and the related member only if it meets all of the requirements of this Section.
E. The QDRO shall clearly specify:
   (1) the name and last-known mailing address, if any, of the member and the name and mailing address of the alternate payee covered by the order;
   (2) the amount or percentage of the member's benefits to be paid by the retirement system to the alternate payee;
   (3) the number of payments or period to which such order applies;
   (4) the characterization of the benefit as to marital property rights or child support; and
   (5) the plan to which such order applies.
F. A QDRO meets the requirements of this Section if such order:
   (1) does not require the retirement system to provide any type or form of benefit, or any option not otherwise provided under state law as relates to the retirement system;
   (2) does not require the retirement system to provide increased benefits; and
   (3) does not require the payment of benefits to an alternate payee which are required to be paid to another alternate payee pursuant to another order previously determined to
be a QDRO or an order recognized by the retirement plan as a valid order prior to the effective date of this section.

G. A QDRO shall not require payment of benefits to an alternate payee prior to the actual retirement date or withdrawal of the related member.

H. The obligation of the retirement system to pay an alternate payee pursuant to a qualified domestic order shall cease upon the death of the related member.

I. This Section shall not be subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), 29 U.S.C.A., Section 1001 et seq., as amended from time to time, or rules promulgated thereunder, and court cases interpreting said act.

J. The Retirement Board of Trustees may adopt such provisions as are necessary to implement the provisions of this subsection.

K. An alternate payee who has acquired beneficiary rights pursuant to a valid QDRO shall fully comply with all provisions of the requirements imposed by the Retirement Board in order to continue receiving benefits.

B. C. The forfeiture of retirement benefits as provided by this Section shall also apply to any such officer or employee who, after leaving the office or employment, is convicted of, or pleads guilty or nolo contendere to, in a state or federal court of competent jurisdiction, a felony committed while in such office or employment, where the felony is for bribery, corruption, forgery or perjury or any other crime related to the duties of his or her office or employment, or related to campaign contributions or campaign financing for that or any other office.

Upon obtaining sufficient documentation of the conviction or plea, the Retirement System shall immediately suspend all benefits of the officer or employee, and notify the officer or employee of his or her right to a hearing to review whether the conviction or plea qualifies for forfeiture of benefits under this section.

[Source: adopted by Resolution 11-05-2012]

17.4 COMPLIANCE WITH INTERNAL REVENUE CODE SECTION 401(a)(9) FOR REQUIRED MINIMUM DISTRIBUTIONS
The Retirement System will pay all benefits in accordance with a good faith interpretation of the requirements of Internal Revenue Code Section 401(a)(9) and the regulations in effect under that section, as applicable to a governmental plan within the meaning of Internal Revenue Code Section 414(d). The Retirement System is subject to the following provisions:
A. Distribution of a member's benefit must begin by the required beginning date, which is the later of the April 1 following the calendar year in which the member attains age 70 1/2 or April 1 of the year following the calendar year in which the member terminates. If a member fails to apply for retirement benefits by the later of either of those dates, the Retirement Board shall begin distribution of the monthly benefit as required by this Subsection in the form provided in Subsection 10.1.

B. The member's entire interest must be distributed over the member's life or the lives of the member and a designated beneficiary, or over a period not extending beyond the life expectancy of the member or of the member and a designated beneficiary.

C. The Retirement System pursuant to a qualified domestic relations order may establish separate benefits for a member and nonmember.

D. If a member dies after the required distribution of benefits has begun, the remaining portion of the member's interest must be distributed at least as rapidly as under the method of distribution before the member's death.

E. If a member dies before required distribution of the member's benefits has begun, the member's entire interest must be distributed within five (5) years of his death, unless it is to be distributed in accordance with the following rule:

   (1) If the member's surviving spouse is the sole designated beneficiary, the member's remaining interest in the Plan is distributed or begins to be distributed by December 31 of the calendar year immediately following the calendar year in which the member died or by December 31 of the calendar year in which the member would have attained age 70 1/2, if later, and if the surviving spouse dies before the distribution to the surviving spouse begins, this Subsection shall be applied as if the surviving spouse were the Plan member.

F. The death and disability benefits provided by the Retirement System are limited by the incidental benefit rule set forth in Internal Revenue Code Section 401(a)(9)(G) and Treasury Regulation Section 1.401-1(b)(1)(i) or any successor regulation thereto. As a result, the total death or disability benefits payable may not exceed twenty-five percent (25%) of the cost for all of the members' benefits received from the Retirement System.

G. Notwithstanding the other provisions of this rule or the provisions of the Treasury Regulations, benefit options may continue so long as the option satisfies Internal Revenue Code Section 401(a)(9) based on a reasonable and good faith interpretation of that section.

17.5 COMPLIANCE WITH INTERNAL REVENUE CODE SECTION 401(a)(17) FOR LIMITATION ON COMPENSATION

A. Effective with respect to plan years beginning on and after July 1, 1996, and before July 1, 2002, the annual compensation of a Plan member which exceeds $150,000 (as adjusted for cost-of-living increases under Internal Revenue Code Section 401(a)(17)(B)) shall be disregarded for purposes of computing employee and employer contributions to or benefits due from the Retirement System.

B. Effective with respect to plan years beginning on and after July 1, 2002, the annual compensation of a Plan member which exceeds $200,000 (as adjusted for cost-of-living
increases in accordance with Internal Revenue Code Section 401(a)(17)(B)) may not be taken
into account in determining benefits or contributions due for any plan year. Annual
compensation means compensation during the plan year or such other consecutive twelve (12)
month period over which compensation is otherwise determined under the plan (the
determination period). The cost-of-living adjustment in effect for a calendar year applies to
annual compensation for the determination period that begins with or within such calendar year.
If the determination period consists of fewer than twelve (12) months, the annual compensation
limit is an amount equal to the otherwise applicable annual compensation limit multiplied by a
fraction, the numerator of which is the number of months in the short determination period, and
the denominator of which is twelve (12). If the compensation for any prior determination period
is taken into account in determining a Plan member's contributions or benefits for the current
plan year, the compensation for such prior determination period is subject to the applicable
annual compensation limit in effect for that prior period.
C. As used in this paragraph, the term "eligible member" means a person who first became a
member of the Plan prior to the plan year beginning after December 31, 1995. Pursuant to
section 13212(d)(3)(A) of OBRA ‘93, and the regulations issued under that section, eligible
members are not subject to the limits of Internal Revenue Code Section 401(a)(17) and this
Subsection 17.5, and the annual compensation limit shall not apply to the extent that the
application of the limit would reduce the amount of compensation that is allowed to be taken into
account under the Plan below the amount that was allowed to be taken into account under the
Plan as in effect on July 1, 1993. The limits referenced in subsections (A) and (B) above apply
only to years beginning after December 31, 1995, and only to individuals who first become Plan
members in plan years beginning on and after July 1, 1996.

17.6 COMPLIANCE WITH INTERNAL REVENUE CODE SECTION 401(a)(25) FOR
ACTUARIAL ASSUMPTIONS
Effective as of July 1, 1989, the Retirement Board will determine the amount of any benefit that
is determined on the basis of actuarial assumptions, using assumptions adopted by the
Retirement Board and set forth in Chapter IV to the Policy and Procedural Manual; such benefits
will not be subject to employer discretion. The Policies and Procedures adopted for this purpose
are hereby incorporated as part of the Plan document.

17.7 COMPLIANCE WITH INTERNAL REVENUE CODE SECTION 401(a)(31) FOR
ELIGIBLE ROLLOVER DISTRIBUTIONS
A. For purposes of compliance with Internal Revenue Code Section 401(a)(31), this
Subsection applies notwithstanding any contrary provision or retirement law that would
otherwise limit a distributee's election to make a rollover. A distributee may elect, at the time
and in the manner prescribed by the Retirement Board, to have any portion of an eligible rollover
distribution paid directly to an eligible retirement plan specified by the distributee in a direct
rollover.
B. "Eligible rollover distribution" means any distribution of all or any portion of the balance to the credit of the distributee, except that an eligible rollover distribution does not include: any distribution that is one of a series of substantially equal periodic payments (not less frequently than annually) made for the life (or the life expectancy) of the distributee or the joint lives (or joint life expectancies) of the distributee and the distributee's designated beneficiary, or for a specified period of ten years or more; any distribution to the extent such distribution is required under Internal Revenue Code Section 401(a)(9); the portion of any distribution that is not includible in gross income; and any other distribution which the Internal Revenue Service does not consider eligible for rollover treatment, such as certain corrective distributions necessary to comply with the provisions of Internal Revenue Code Section 415 or any distribution that is reasonably expected to total less than $200 during the year. Effective January 1, 2002, a portion of a distribution will not fail to be an eligible rollover distribution merely because the portion consists of after-tax employee contributions that are not includible in gross income. However, such portion may be transferred only (i) to an individual retirement account or annuity described in Internal Revenue Code Section 408(a) or (b) or to a qualified defined contribution plan described in Internal Revenue Code Section 401(a) that agrees to separately account for amounts so transferred (and earnings thereon), including separately accounting for the portion of the distribution that is includible in gross income and the portion of the distribution that is not so includible; (ii) on or after January 1, 2007, to a qualified defined benefit plan described in Internal Revenue Code Section 401(a) or to an annuity contract described in Internal Revenue Code Section 403(b), that agrees to separately account for amounts so transferred (and earnings thereon), including separately accounting for the portion of the distribution that is includible in gross income and the portion of the distribution that is not so includible; or (iii) on or after January 1, 2008, to a Roth IRA described in Internal Revenue Code Section 408A. Effective January 1, 2002, the definition of eligible rollover distribution also includes a distribution to a surviving spouse, or to a spouse or former spouse who is an alternate payee under a qualified domestic relations order, as defined in Internal Revenue Code Section 414(p).

C. "Eligible retirement plan" means any of the following that accepts the distributee's eligible rollover distribution:

1. an individual retirement account described in Internal Revenue Code Section 408(a),
2. an individual retirement annuity described in Internal Revenue Code Section 408(b),
3. an annuity plan described in Internal Revenue Code Section 403(a),
4. a qualified trust described in Internal Revenue Code Section 401(a),
5. effective January 1, 2002, an annuity contract described in Internal Revenue Code Section 403(b),
6. effective January 1, 2002, a plan eligible under Internal Revenue Code Section 457(b) that is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or a political subdivision of a state that agrees to separately account for amounts transferred into that plan from the Retirement System, or
7. effective January 1, 2008, a Roth IRA described in Internal Revenue Code Section 408A.

D. "Distributee" means an employee or former employee. It also includes the employee's or former employee's surviving spouse and the employee's or former employee's spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in
Internal Revenue Code Section 414(p). Effective January 1, 2007 a distributee further includes a nonspouse beneficiary who is a designated beneficiary as defined by Internal Revenue Code Section 401(a)(9)(E). However, a nonspouse beneficiary may only make a direct rollover to an individual retirement account or individual retirement annuity established for the purpose of receiving the distribution, and the account or annuity will be treated as an "inherited" individual retirement account or annuity.

E. "Direct rollover" means a payment by the plan to the eligible retirement plan specified by the distributee.

[Source: adopted by Resolution 11-05-2012]

17.8 COMPLIANCE WITH INTERNAL REVENUE CODE SECTION 401(a)(31)(B)
If, on or after March 28, 2005, the Retirement System provides for mandatory distribution of eligible rollover distributions, as defined in Subsection 17.7(A), with a present value greater than One Thousand Dollars ($1,000), and if a member does not elect to have such distribution paid directly to an eligible retirement plan specified by member in a direct rollover or to receive the distribution directly, then the Retirement System will pay the distribution in a direct rollover to an individual retirement plan designated by the Retirement Board in accordance with Internal Revenue Code Section 401(a)(31)(B) and IRS Notice 2005-5.

17.9 COMPLIANCE WITH INTERNAL REVENUE CODE SECTION 401(a)(37) AND THE HEART ACT
A. Effective with respect to deaths occurring on or after January 1, 2007, while a member is performing qualified military service (as defined in Chapter 43 of Title 38, United States Code), to the extent required by Internal Revenue Code Section 401(a)(37), survivors of a member in a State or local retirement or pension system, are entitled to any additional benefits that the system would provide if the member had resumed employment and then died, such as accelerated vesting or survivor benefits that are contingent on the member's death while employed. In any event, a deceased member's period of qualified military service must be counted for vesting purposes.

B. Effective with respect to deaths and/or disabilities occurring on or after January 1, 2007, while a member is performing qualified military service (as defined in Chapter 43 of Title 38, United States Code), to the extent permitted by Internal Revenue Code Section 414(u)(8), for benefit accrual purposes and in the case of death, for vesting purposes, the member will be treated as having earned years of service for the period of qualified military service, having returned to employment on the day before the death or disability, and then having terminated on the date of death or disability. This provision shall be applied to all similarly situated individuals in a reasonably equivalent manner.

C. Beginning January 1, 2009, to the extent required by Internal Revenue Code Section 414(u)(12), an individual receiving differential wage payments (as defined under Internal Revenue Code Section 3401(h)(2)) from an employer shall be treated as employed by that employer, and the differential wage payment shall be treated as compensation for purposes of
applying the limits on annual additions under Internal Revenue Code Section 415(c). This provision shall be applied to all similarly situated individuals in a reasonably equivalent manner.

17.10 COMPLIANCE WITH INTERNAL REVENUE CODE SECTION 414(p) FOR QUALIFIED DOMESTIC RELATIONS ORDERS
If benefits are payable pursuant to a qualified domestic relations order under Subsection 14.2, then the applicable requirements of Internal Revenue Code Section 414(p) will be followed by the Retirement System.

[Source: adopted by Resolution 11-05-2012]

17.11 COMPLIANCE WITH INTERNAL REVENUE CODE SECTION 415 FOR LIMITATION ON BENEFITS AND CONTRIBUTIONS
A. Notwithstanding any other provisions of the Retirement System to the contrary, the member contributions paid to and retirement benefits paid from the Plan shall be limited to such extent as may be necessary to conform to the requirements of Internal Revenue Code Section 415 for a qualified pension plan.

B. Participation in Other Qualified Plans: Aggregation of Limits.
   (1) The 415(b) limit with respect to any member who at any time has been a member in any other defined benefit plan as defined in Internal Revenue Code Section 414(j) maintained by the member's employer in this Plan shall apply as if the total benefits payable under all such defined benefit plans in which the member has been a member were payable from one (1) plan.
   (2) The 415(c) limit with respect to any member who at any time has been a member in any other defined contribution plan as defined in Internal Revenue Code Section 414(j) maintained by the member's employer in this Plan shall apply as if the total annual additions under all such defined contribution plans in which the member has been a member were payable from one (1) plan.

C. Basic 415(b) Limitation.
   (1) Before January 1, 1995, a member may not receive an annual benefit that exceeds the limits specified in Internal Revenue Code Section 415(b), subject to the applicable adjustments in that section. On and after January 1, 1995, a member may not receive an annual benefit that exceeds the dollar amount specified in Internal Revenue Code Section 415(b)(1)(A), subject to the applicable adjustments in Internal Revenue Code Section 415(b) and subject to any additional limits that may be specified in the Retirement System. In no event shall a member's annual benefit payable under the Plan in any limitation year be greater than the limit applicable at the annuity starting date, as increased in subsequent years pursuant to Internal Revenue Code Section 415(d) and the regulations thereunder.
   (2) For purposes of Internal Revenue Code Section 415(b), the "annual benefit" means a benefit payable annually in the form of a straight life annuity (with no ancillary benefits) without regard to the benefit attributable to after-tax employee
contributions (except pursuant to Internal Revenue Code Section 415(n)) and to rollover contributions (as defined in Internal Revenue Code Section 415(b)(2)(A)). The "benefit attributable" shall be determined in accordance with Treasury Regulations.

D. Adjustments to Basic 415(b) Limitation for Form of Benefit.

If the benefit under the Plan is other than the form specified in Subsection (C)(2), then the benefit shall be adjusted so that it is the equivalent of the annual benefit, using factors prescribed in Treasury Regulations.

(1) If the form of benefit without regard to the automatic benefit increase feature is not a straight life annuity or a qualified joint and survivor annuity, then the preceding sentence is applied by either reducing the Internal Revenue Code Section 415(b) limit applicable at the annuity starting date or adjusting the form of benefit to an actuarially equivalent amount [determined using the assumptions specified in Treasury Regulation Section 1.415(b)-1(c)(2)(ii)] that takes into account the additional benefits under the form of benefit as follows:

(2) For a benefit paid in a form to which Internal Revenue Code Section 417(e)(3) does not apply (generally, a monthly benefit), the actuarially equivalent straight life annuity benefit that is the greater of:

(a) The annual amount of the straight life annuity (if any) payable to the member under the plan commencing at the same annuity starting date as the form of benefit to the member, or

(b) The annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the form of benefit payable to the member, computed using a five percent (5%) interest assumption (or the applicable statutory interest assumption) and (i) for years prior to January 1, 2009, the applicable mortality tables described in Treasury Regulation Section 1.417(e)-1(d)(2) (Revenue Ruling 2001-62 or any subsequent Revenue Ruling modifying the applicable provisions of Revenue Rulings 2001-62), and (ii) for years after December 31, 2008, the applicable mortality tables described in Internal Revenue Code Section 417(e)(3)(B) (Notice 2008-85 or any subsequent Internal Revenue Service guidance implementing Internal Revenue Code Section 417(e)(3)(B)); or

(3) For a benefit paid in a form to which Internal Revenue Code Section 417(e)(3) applies (generally, a lump sum benefit), the actuarially equivalent straight life annuity benefit that is the greatest of:

(a) The annual amount of the straight life annuity commencing at the annuity starting date that has the same actuarial present value as the particular form of benefit payable, computed using the interest rate and mortality table, or tabular factor, specified in the Plan for actuarial experience;

(b) The annual amount of the straight life annuity commencing at the annuity starting date that has the same actuarial present value as the particular form of benefit payable, computed using a five and five-tenths percent (5.5%) interest assumption (or the applicable statutory interest assumption) and (i) for years prior to January 1, 2009, the applicable mortality tables for the distribution under Treasury Regulation section 1.417(e)-1(d)(2) (the mortality table specified in Revenue Ruling 2001-62 or any subsequent Revenue Ruling
modifying the applicable provisions of Revenue Ruling 2001-62), and (ii) for years after December 31, 2008, the applicable mortality tables described in Internal Revenue Code Section 417(e)(3)(B) (Notice 2008-85 or any subsequent Internal Revenue Service guidance implementing Internal Revenue Code Section 417(e)(3)(B)); or

(c) The annual amount of the straight life annuity commencing at the annuity starting date that has the same actuarial present value as the particular form of benefit payable (computed using the applicable interest rate for the distribution under Treasury Regulation Section 1.417(e)-1(d)(3) (the 30-year Treasury rate (prior to January 1 2007, using the rate in effect for the month prior to retirement, and on and after January 1, 2007, using the rate in effect for the first day of the plan year with a one-year stabilization period)) and (i) for years prior to January 1, 2009, the applicable mortality tables for the distribution under Treasury Regulation section 1.417(e)-1(d)(2) (the mortality table specified in Revenue Ruling 2001-62 or any subsequent Revenue Ruling modifying the applicable provisions of Revenue Ruling 2001-62), and (ii) for years after December 31, 2008, the applicable mortality tables described in Internal Revenue Code Section 417(e)(3)(B) (Notice 2008-85 or any subsequent Internal Revenue Service guidance implementing Internal Revenue Code Section 417(e)(3)(B)), divided by 1.05.

(4) The actuary may adjust the 415(b) limit at the annuity starting date in accordance with the above subsections (2) and (3).

E. Benefits For Which No Adjustment of the 415(b) Limit is Required.

For purposes of this Subsection, the following benefits shall not be taken into account in adjusting these limits:

(1) Any ancillary benefit which is not directly related to retirement income benefits;

(2) That portion of any joint and survivor annuity that constitutes a qualified joint and survivor annuity;

(3) Any other benefit not required under Internal Revenue Code Section 415(b)(2) and Treasury Regulations thereunder to be taken into account for purposes of the limitation of Internal Revenue Code Section 415(b)(1).

F. Other Adjustments in 415(b) Limitation.

(1) In the event the member's retirement benefits become payable before age sixty-two (62), the limit prescribed by this Subsection shall be reduced in accordance with Treasury Regulations pursuant to the provisions of Internal Revenue Code Section 415(b), so that such limit (as so reduced) equals an annual straight life benefit (when such retirement income benefit begins) which is equivalent to a one hundred sixty thousand dollar ($160,000) (as adjusted) annual benefit beginning at age sixty-two (62).

(2) In the event the member's benefit is based on at least fifteen (15) years of service as a full-time employee of any police or fire department or on fifteen (15) years of military service, the adjustments provided for in (1) above shall not apply.

(3) The reductions provided for in (1) above shall not be applicable to pre-retirement disability benefits or pre-retirement death benefits.
G. Less than Ten (10) Years of Participation or Service Adjustment for 415(b) Limitations. The maximum retirement benefits payable to any member who has completed less than ten (10) years of service shall be the amount determined under subsection (C), as adjusted under subsection (D) and/or (F), multiplied by a fraction, the numerator of which is the number of the member’s years of participation and the denominator of which is ten (10). The limit under subsection (H) (concerning the $10,000 limit) shall be similarly reduced for any member who has accrued less than ten (10) years of service, except the fraction shall be determined with respect to years of service instead of years of participation. The reduction provided by this Subsection cannot reduce the maximum benefit below ten percent (10%) of the limit determined without regard to this Subsection. The reduction provided for in this Subsection shall not be applicable to pre-retirement disability benefits or pre-retirement death benefits.

H. Ten Thousand Dollar ($10,000) Limit. Notwithstanding the foregoing, the retirement benefit payable with respect to a member shall be deemed not to exceed the 415 limit if the benefits payable, with respect to such member under this Plan and under all other qualified defined benefit pension plans to which the member’s employer contributes, do not exceed ten thousand dollars ($10,000) for the applicable limitation year and for any prior limitation year and the employer has not any time maintained a qualified defined contribution plan in which the member participated.

I. Section 415(c) Limitation on Contributions and Other Additions. After-tax member contributions or other annual additions with respect to a member may not exceed the lesser of forty thousand dollars ($40,000) (as adjusted pursuant to Internal Revenue Code Section 415(d)) or one hundred percent (100%) of the member’s compensation.

1. Annual additions are defined to mean the sum (for any year) of employer contributions to a defined contribution plan, member contributions, and forfeitures credited to a member’s individual account. Member contributions are determined without regard to rollover contributions and to picked-up employee contributions that are paid to a defined benefit plan.

2. For purposes of applying Internal Revenue Code Section 415(c) and for no other purpose, the definition of compensation where applicable will be compensation actually paid or made available during a limitation year, except as noted below and as permitted by Treasury Regulation section 1.415(c)-2, or successor regulation; provided, however, that member contributions picked up under Internal Revenue Code Section 414(h) shall not be treated as compensation.

3. Compensation will be defined as wages within the meaning of Internal Revenue Code Section 3401(a) and all other payments of compensation to an employee by an employer for which the employer is required to furnish the employee a written statement under Internal Revenue Code Sections 6041(d), 6051(a)(3) and 6052 and will be determined without regard to any rules under Internal Revenue Code Section 3401(a) that limit the remuneration included in wages based on the nature or location of the employment or the services performed (such as the exception for agricultural labor in Internal Revenue Code Section 3401(a)(2)).

However, for limitation years beginning after December 31, 1997, compensation will also include amounts that would otherwise be included in compensation but for an election under Internal Revenue Code Section 125(a), 402(e)(3), 402(h)(1)(B), 402(k), or 457(b). For limitation years beginning after December 31, 2000, compensation shall also include any elective amounts that
are not includible in the gross income of the member by reason of Internal Revenue Code Section 132(f)(4).
For limitation years beginning on and after January 1, 2009, compensation for the limitation year shall also include compensation paid by the later of 2½ months after a member's severance from employment or the end of the limitation year that includes the date of the member's severance from employment if:
the payment is regular compensation for services during the member's regular working hours, or compensation for services outside the member's regular working hours (such as overtime or shift differential), commissions, bonuses or other similar payments, and, absent a severance from employment, the payments would have been paid to the member while the member continued in employment with the employer; or
the payment is for unused accrued bona fide sick, vacation or other leave that the member would have been able to use if employment had continued; or
payments pursuant to a nonqualified unfunded deferred compensation plan, but only if the payments would have been paid to the member at the same time if the member had continued employment with the employer and only to the extent that the payment is includible in the member's gross income.

Back pay, within the meaning of Treasury Regulation section 1.415(c)-2(g)(8), shall be treated as compensation for the limitation year to which the back pay relates to the extent the back pay represents wages and compensation that would otherwise be included under this definition.
A. Any payments not described in paragraph (b) above are not considered compensation if paid after severance from employment, even if they are paid within 2½ months following severance from employment, except for payments to the individual who does not currently perform services for the employer by reason of qualified military service (within the meaning of Internal Revenue Code Section 414(u)(1)) to the extent these payments do not exceed the amounts the individual would have received if the individual had continued to perform services for the employer rather than entering qualified military service.
B. An employee who is in qualified military service (within the meaning of Internal Revenue Code Section 414(u)(1)) shall be treated as receiving compensation from the employer during such period of qualified military service equal to (I) the compensation the employee would have received during such period if the employee were not in qualified military service, determined based on the rate of pay the employee would have received from the employer but for the absence during the period of qualified military service, or (II) if the compensation the employee would have received during such period was not reasonably certain, the employee's average compensation from the employer during the twelve (12) month period immediately preceding the qualified military service (or, if shorter, the period of employment immediately preceding the qualified military service).

(4) If the annual additions for any member for a plan year exceed the limitation under Internal Revenue Code Section 415(c), the excess annual addition will be corrected as permitted under the Employee Plans Compliance Resolution System (or similar IRS
correction program).

(5) For limitation years beginning on or after January 1, 2009, a member's compensation for purposes of Subsection (l) shall not exceed the annual limit under Internal Revenue Code Section 401(a)(17).

J. Modification of Contributions for 415(c) and 415(n) Purposes. Notwithstanding any other provision of law to the contrary, the Retirement System may modify a request by a member to make a contribution to the Retirement System if the amount of the contribution would exceed the limits provided in Internal Revenue Code Section 415 by using the following methods:

(1) If the law requires a lump sum payment for the purchase of service credit, the Retirement System may establish a periodic payment plan for the member to avoid a contribution in excess of the limits under Internal Revenue Code Section 415(c) or 415(n).

(2) If payment pursuant to subparagraph (1) will not avoid a contribution in excess of the limits imposed by Internal Revenue Code Section 415(c) or 415(n), the Retirement System may either reduce the member's contribution to an amount within the limits of those sections or refuse the member's contribution.

K. Repayments of Cashouts. Any repayment of contributions (including interest thereon) to the Plan with respect to an amount previously refunded upon a forfeiture of service credit under the Plan or another governmental plan maintained by the Retirement System shall not be taken into account for purposes of Internal Revenue Code Section 415, in accordance with applicable Treasury Regulations.

L. Reduction of Benefits Priority. Reduction of benefits and/or contributions to all plans, where required, shall be accomplished by first reducing the member's benefit under any defined benefit plans in which the member participated, such reduction to be made first with respect to the plan in which the member most recently accrued benefits and thereafter in such priority as shall be determined by the plan and the plan administrator of such other plans, and next, by reducing or allocating excess forfeitures for defined contribution plans in which the member participated, such reduction to be made first with respect to the plan in which the member most recently accrued benefits and thereafter in such priority as shall be established by the plan and the plan administrator for such other plans provided, however, that necessary reductions may be made in a different manner and priority pursuant to the agreement of the plan and the plan administrator of all other plans covering such member.

OF TULSA COUNTY, OKLAHOMA

Revised effective the 27th day of May 2014.
UPON REQUEST BY THE TULSA COUNTY RETIREMENT BOARD, THE TULSA COUNTY ELECTION BOARD WILL FOLLOW THE BELOW STATED PROCEDURE:

Approximately 45-60 days prior to the election, the Secretary of the Retirement Board will notify the Tulsa County Election Board, by Resolution, of the upcoming annual election. Stated in the resolution will be the office number and term along with the filing period, which is on the last Monday, Tuesday, and Wednesday in March, and the date of the election, which is held the first Tuesday in May. Special Elections may be called, allowing the same time frame needed to conduct the Annual Election. The months will vary for the special election and will depend on the resolution date calling for the special election.

As soon as possible, the Election Board notifies Administrative Services of the election date so that they may obtain ballot stock. The Secretary of the Retirement Board will notify each department by letter of the filing period.

During the filing period, candidates are to file with the Secretary of the Retirement Board in the County Clerk’s office during regular office hours. Declaration of Candidacy filings may be delivered in person or through the regular mail. However, if the declaration does not reach the Clerk’s office by 5:00 p.m. on the last day of the filing period, the declaration will be considered void. Declaration forms are available in the County Clerk’s office. On Wednesday, at the close of filing, the Clerk’s office and representatives of the Election Board will hold a name placement drawing to decide the ballot position of the candidates.

The Election Board will take ballot quantities and specifications to Administrative Services who, as soon as possible, will provide the Election Board with a ballot proof. The ballot proof is taken to the Chairman of the Retirement Board to approve the language on the ballot. Thereafter, printing may begin for regular, and absentee ballots. Absentee ballots should be ready approximately 3 to 7 days after the ballot is approved.

When called upon, Elected Officials and Division Directors should allow a volunteer to man the poll in place of his regular job duties. At least two weeks before the election, the Secretary of the Retirement Board will provide the Election Board with a list of polling places and their hours for voting, and a list of employees who will man the polls on Election Day. The Election Board and the Secretary of the Retirement Board will work together to find the best locations for the polling places and the most convenient hours for employees, that the polls should be open.
When training is required for manning the polling places, volunteer employees should be allowed to attend a training class on Monday at 10:00 a.m. at the Election Board office, prior to the election on Tuesday. A memo from the Election Board will be sent to all volunteer workers reminding them of training. Anyone not requiring training may pick up their supplies at the Election Board from 8:00 a.m. to 5:00 p.m. the Monday before the election. Those needing training may pick up supplies at the training session.

Requests for absentee ballots by mail may be made until 5:00 p.m. the Wednesday before the election. The voted ballots must be in the hands of the Election Board by 5:00 p.m. on Election Day in order to be counted. In-person absentee voting may be done from 8:00 a.m. to 5:00 p.m. on the Thursday and Friday before Election Day at the Election Board office.

On the last payday before the election, each employee will be given, along with their pay check, notice of the election and general information pertaining to the election, including a brief biographical sketch of each candidate. This notice shall be drafted by the Secretary of the Retirement Board and given to Payroll for distribution.

In the year the Retired member of the Board is up for election – refer to the TULSA COUNTY RETIREMENT BOARD ELECTION PROCEDURE – RETIREE POSITION ONLY.

Ballot boxes and booths will be delivered to each voting location on Monday, the day before the election. At least one week before the election, the Secretary of the Retirement Board will provide the Election Board with the name of a contact person at each polling place to receive the voting equipment. The Election Board will contact this person and let them know approximately what time to expect the equipment. The person receiving the voting equipment should prepare the polling place for voting. In some instances this could entail locating a table and chair for the supplies and the worker. All voting equipment left at the voting site will be picked up on Wednesday, the day after the election by the Election Board.

Employees will be asked to vote at the polling place in which their name is assigned to a poll book. If this creates a hardship for any employee, they will be permitted to print their name and department, and place their signature at the end of the list in the poll book at the voting location where they choose to vote. They will also sign a challenged voter affidavit. The Election Board will check the poll book listings and the challenged voter affidavits to make sure these added employees have only voted once.

Only Regular, Full-Time, active employees will be allowed to vote in the Tulsa County Retirement Board Elections, with the exception of the year the retired member of the Board is on the ballot. In the year the retired member of

VI. INVESTMENT GUIDELINES

The Investment Managers are expected to execute all transactions as efficiently as possible. There are no specific restrictions on portfolio turnover or preference for long or short term holding periods. The Board does, however, anticipate that long-term performance will be enhanced by investment strategies, not trading strategies.

All securities transactions shall be effected through brokerage firms. Each Investment Manager shall ensure brokerage commissions paid by them for executions and other services that benefit the Investment Managers are reasonable. When Investment Managers direct commissions on behalf of the Plan, the direction shall be contingent upon the institution being competitive in both price and execution. The Board retains the right to direct brokerage commissions.

The Investment Managers shall comply with the principles outlined below regarding so-called Soft Dollar revenues.

(a) All contracts with service providers shall be paid on a hard dollars basis.

(b) All agreements involving brokerage Soft Dollars shall be made directly by the Board with brokerage houses on a contract basis.

(c) All Soft Dollar credits shall be paid directly by the brokerage houses to the Plan.

(d) All portfolio managers should trade a minimum of 60% of all trades through contract brokerage houses, although the portfolio managers shall choose which brokerage houses shall make the trades.

(e) A semi-annual report shall be prepared by the Custodian and Investment Manager(s) indicating the transactions executed. For other than direct transactions, the manager(s) shall have the discretion to execute transactions with the brokerage firm(s) of the manager’s choosing; however, selection shall always be made in the best interest of the Plan.

The Plan assets may be invested in publicly traded common and preferred stocks, convertible bonds and preferred stocks, and non convertible fixed income securities, whether interest bearing or discount
instruments, including money market instruments, subject to any restrictions herein specified. The assets of the Plan shall be invested in a manner consistent with generally accepted standards of fiduciary responsibility. The safeguards which would guide a Prudent Man shall be observed. All transactions undertaken on behalf of the Plan shall be for the sole benefit of the participants in the Plan. There is no preference for income as opposed to realized capital gains, since there are no immediate liquidity demands on the Plan.

The **domestic equity portfolios** should reflect the discretion of the Investment Manager(s) within the following constraints:

(a) No options or financial futures shall be purchased unless approved in writing by the Board.\(^6\)

(b) Aggregate investment Beta (versus the applicable benchmark) of the entire portfolio at any time should not exceed 1.20\(^7\).

(c) No private placements or venture capital should be purchased.

(d) No investments should be made in foreign securities unless available in ADR’s or on a U.S. exchange.

(e) The Plan’s equity Investment Manager(s) shall vote all proxies in the best interest of the Plan without regard to social issues. The equity Investment Manager(s) shall provide a written report each year to discuss the general guidelines they followed in voting proxies during the year.

(f) No single security in each manager’s portfolio will constitute more than 5% of the portfolio’s equity allocation at the time of purchase, nor will it be more than 7% of the equity allocation of the portfolio after accounting for price appreciation.

(g) Equity purchases are limited to stocks of companies with a minimum capitalization of $200 million, unless approved by the Board.

---

\(^6\) Approval granted to Miller, Anderson & Sherrerd in writing during the March 26, 1996 Board meeting.

\(^7\) Barrow, Hanley was granted an exception to this constraint during 2006.
(h) The funds shall remain fully invested in equities except for a nominal time between sales and repurchases.

The Board may allocate a portion of the System's investments into a special purpose portfolio to take advantage of temporary market dislocations. The portfolio should have a risk/return profile that is beneficial to the Board's investment goal. Once market conditions normalize, the portfolio will be wound down at the Board's discretion and the assets reallocated according to the System's long-term target allocation. At inception, the Opportunistic Bond Portfolio will compose 15% of the System's investment assets. Because this is a temporary allocation, the System's long-term target allocation will not change.

The initial allocation of the Opportunistic Bond Portfolio will be:

Credit market improvement will be gauged using the difference in yields between high yield bonds and similar maturity Treasury bonds.

The funds will be subjected to the same level of monitoring as the System's other investment managers. Their performance will be compared to appropriate bond indexes. Individual funds may be replaced if necessary.

No county employee shall be eligible for retirement benefits under Section 951 et seq. of this title until such employee:

1. Has attained the age of sixty-two (62) years and shall have served for a period of at least fifteen (15) years with said county, and the last two (2) years of such service shall have been consecutive immediately preceding such retirement; or

2. Has attained the age of fifty-five (55) years and shall have served for a period of at least thirty (30) years with said county; or

3. Has attained the age at which the sum of the employee's age and number of years of service with the county total eighty (80).

To be eligible for retirement benefits, the employee's service with the county shall have ceased. Provided, the board of trustees and the board of county commissioners, by resolution, may allow retirees to return to work on a part-time basis after the first month of retirement and continue to be eligible for their retirement benefits. Provided, that any county employee who shall have completed fifteen (15) years of service as such county employee, the last two (2) years of which shall have been consecutive, and who, at the time of completing such fifteen (15) years of service shall not have reached the age of sixty-two (62) years, may then elect to retire, such retirement to become effective and all retirement benefits to begin when such county employee shall have attained the age of sixty-two (62) years, provided that such election shall be in writing upon such form as the board of trustees shall direct, and such election shall be signed by such employee and filed with the board of trustees, and any funds paid into the retirement system by such employee may not thereafter be withdrawn by such employee. Provided, that when approved by the board of trustees of the county retirement system and the board of county commissioners of any county which has provided for a retirement fund and system as authorized under the provisions of Section 951 of this title, the board of trustees may lower the mandatory fifteen-year requirement to not less than five (5) years by a resolution if the following has occurred:

1. Prior to such action, an actuarial report on the system shall be made by an independent professional actuary qualified as an "Enrolled actuary" as defined by the Employee Retirement Income Security Act (ERISA) of 1974, which report shall determine and declare whether the reduction of the mandatory service requirement would result in any additional unfunded or accrued liabilities and, if so, the amount required to make the retirement system actuarially sound expressed in dollars and in percent of the gross payroll.

2. Such report shall be filed with the board of trustees and with the board of county commissioners and notice of the receipt and filing of such report be given by the board of county commissioners by publishing notice thereof in a newspaper of general circulation in the county. Such report shall be a public document subject to examination by any interested person. Any member of the retirement system or any citizen of the county may, within thirty (30) days from the date of such publication, file a petition in the district court of the county in which the retirement system is located to challenge the validity and accuracy of the actuarial report or any other action taken in connection therewith, and the court is hereby vested with jurisdiction to receive evidence and enter a judgment affirming, modifying or rejecting the actuarial report or any funding provisions, and such report shall be conformed
in accordance with any final judgment. The costs, including attorney fees, if any, of such action shall be assessed by the court as it may deem equitable irrespective of the form of the judgment.

3. If the final report determines that additional funding shall be required to implement any reduction of the mandatory service requirement, then in that event affirmative action by the board of county commissioners, approved by the board of trustees, providing for the funding of any such changed benefits in an amount necessary to make said system actuarially sound upon the implementation of such change shall be established at or prior to the effective date of such reduction in the mandatory service requirement.

4. If the report reveals no additional funding requirement, then the board of county commissioners with the approval of the board of trustees may lower the mandatory fifteen-year service requirement as provided in this section without a corresponding or concurrent funding resolution.

5. It is further provided that if the mandatory service credit is reduced to a period of time less than fifteen (15) years, then in that event the retirement benefits shall be correspondingly reduced by at least an amount equal to six and two-thirds percent (6 2/3%) from that which would have been earned for fifteen (15) years’ service multiplied by the number of years of reduction in the mandatory service except for those retirees who have eight (8) years’ service and are entitled to disability retirement. The entitlement to disability retirement and the amount thereof shall not be affected by this paragraph.

6. No person shall be entitled to receive the benefits of a reduction in the mandatory service requirement who at the time of such reduction is not then an employee of the county, has been continuously employed by the county and a member of the county retirement system for the twenty-four (24) months immediately preceding the reduction in the mandatory service requirement or shall have been an employee with twenty-four (24) months immediately preceding the election by such employee to receive the benefit of the reduced mandatory service requirement.

Provided further, that, for the purposes of Section 951 et seq. of this title and the eligibility of employees to participate therein, employees of levee districts shall be considered county employees. Retirement benefits, disability benefits and benefits paid to the surviving spouse shall be calculated on the average of the income of any three (3) years which shall be the years of highest income for said employee during participation in said retirement system.

Any employee of the county covered by Section 951 et seq. of this title who shall have completed eight (8) years of employment with said county and who, by reason of disability resulting from the performance of his or her duties as such employee of said county, shall become disabled to such an extent as to be unable to perform his or her duties as an employee shall be entitled to disability retirement and to such benefits as the board of trustees shall determine; provided, however, that the board of trustees shall find that said disability is total and permanent, and resulted from the performance of his or her duty as such employee of the county.

Any person who has been a regular county employee for at least one (1) year immediately preceding the time he is required, by Act of Congress of the United States and/or by order of the President of the United States, or volunteers to leave the employment of the county to enter the military service of the United States government shall receive credit, for the purposes of Section 951 et seq. of this title, for all actual time so served in full-time military service, but not to exceed a total of four (4) years in all; provided, however, that to be eligible to receive such credit, the employee shall not withdraw funds previously contributed, as otherwise permitted by the provisions of Section 951 et seq. of this title; provided, further, that neither the employee nor the county shall be required to make further contribution to the retirement fund during the period of military service; and, provided, further, that the credit time allowed, hereby, shall not be considered in lieu of the two (2) years’ consecutive employment required by this section, as a prerequisite to receiving retirement benefits hereunder. Provided further, that if any county employee who shall have completed at least fifteen (15) years of service to any county covered by Section 951 et seq. of this title and who has not yet reached the age of retirement shall die, then, and in such event, the surviving spouse of said county employee shall receive retirement benefits in the amount of sixty-six and two-thirds percent (66 2/3%) of whatever benefits would otherwise be received by said county employee under Section 951 et seq. of this title at the age of sixty-two (62) years, such retirement benefits to the surviving spouse to begin on the date said deceased county employee would have reached the age of sixty-two (62) years.

Provided further, that if any county employee receiving or eligible to receive retirement benefits pursuant to the

provisions of Section 951 et seq. of this title shall die, then, and in such event, the surviving spouse of said person shall receive retirement benefits in the amount of sixty-six and two-thirds percent (66 2/3%) of whatever benefits the deceased was receiving or was entitled to receive for the remainder of the natural life of said surviving spouse. This provision shall apply to anyone who has qualified for retirement, even though they may not have retired or are deceased. Said provision also shall include any employees who have retired after January 1, 1970, and later shall become deceased, then in such event the surviving spouse shall receive sixty-six and two-thirds percent (66 2/3%). This shall not apply to persons who have retired prior to January 1, 1970, or their spouses.

Provided further, that the board of trustees and the board of county commissioners may elect to amend the surviving spouse benefit provision to increase the surviving spouse retirement benefit to as much as one hundred percent (100%).

Provided further, that the board of trustees and the board of county commissioners may elect to amend the benefit provisions to allow any vested employee who is otherwise not eligible to retire because such employee has not satisfied any of the age requirements the option of retiring as early as age fifty-five (55). However, such employee shall have met the minimum service requirements approved by the board of trustees of the county retirement system and the board of county commissioners. If any employee elects such an option, the employee shall receive an actuarially reduced benefit.

Any elected or appointed state or county officer or employee who, during the term for which he or she was elected or appointed, is, or has been, found guilty by a trial court of a felony in a state or federal court of competent jurisdiction shall be automatically suspended from the office or employment.

B. The Governor shall appoint an interim successor to serve during the period of suspension of any county commissioner or any state officer other than a member of the State Legislature.

C. A vacancy created by the suspension of a member of the State Legislature shall be filled as provided in Section 20 of Article V of the Oklahoma Constitution.

D. A vacancy created by the suspension of a county officer other than a county commissioner shall be filled as provided by Section 10 of this title.

E. In the event any elected or appointed state or county officer or employee who, during the term for which he or she was elected or appointed, pleads guilty or nolo contendere to a felony or any offense involving a violation of his or her official oath in a state or federal court of competent jurisdiction, he or she shall, immediately upon the entry of the plea, forfeit the office or employment.

F. Any such officer or employee upon final conviction of, or pleading guilty or nolo contendere to, a felony in a state or federal court of competent jurisdiction shall vacate such office or employment and if such felony is for bribery, corruption, forgery or perjury or any other crime related to the duties of his or her office or employment, or related to campaign contributions or campaign financing for that or any other office, shall forfeit all benefits of the office or employment, including, but not limited to, retirement benefits provided by law, however, the forfeiture of retirement benefits shall not occur if any such officer or employee received a deferred sentence, but retirement benefits shall not commence prior to completion of the deferred sentence. The forfeiture of retirement benefits required by this subsection shall not include such officer's or employee's contributions to the retirement system or retirement benefits that are vested on the effective date of this act.

G. Upon obtaining sufficient documentation of the conviction or plea, the retirement system shall immediately suspend all benefits of the officer or employee, and notify the officer or employee of his or her right to a hearing to review whether the conviction or plea qualifies for forfeiture of benefits under this section.
