GILCREASE EXPRESSWAY PROJECT UPDATE – July 19, 2020
The project is currently 19% complete

- Project Length = 5 miles
- New road construction
- This project connects US-412 to I-44 as part of the Western loop around the Tulsa metro area.
- The project involves a funding partnership between the Oklahoma Turnpike Authority, City of Tulsa, Tulsa County, Indian Nations Council of Governments, Oklahoma Department of Transportation and FHWA.
- Anticipated completion is Fall of 2022.
- Caution: Traffic patterns have recently changed within the construction work zone at 51st Street and 21st Street.
Driving Forward: Investing in Oklahoma’s Future

Current Construction Activities:

- Work crews are seen preparing for the recent change in traffic patterns at 51st Street.

Looking West near 51st Street

- Construction of the embankment for the new roadway near 31st Street.

Looking North from the North side of 31st Street
• Construction of foundations for the Berryhill Creek bridges.

Looking North towards 21st Street

• Construction of foundations for the Berryhill Creek bridges.

Looking SE from 57th Street, South of 21st Street
• Construction begins on the work road out into the Arkansas River. The work road will provide access for construction crews to build the new bridges.

![Looking South from the North bank of the Arkansas River](image1.jpg)

• Construction North of the Arkansas River is very active as shown in this picture.
